War News

WEST RN FRONT — News continues good. Apart from two small stretches the enemy is being pushed back everywhere. Allied wedges into the salient still gaining ground. 500 aircraft sorties flew over the battlefront, and another 1300 U.S. heavy bombers went after the rear positions of the Germans.

EASTERN FRONT — Germans in Budapest rejected a Soviet ultimatum to surrender. They murdered the Russian envoys although these were carrying the white flag. Red troops then fought their way to the German inner defences.

ITALIAN FRONT — Eighth Army squeezing German pocket near Faenza.

PACIFIC FRONT — Japanese losses suffered on Leyte now reach 117,000.

THANK YOU WINDSOR!

Each member of the Essex Scottish received 150 cigarettes this Christmas from the Citizens of Windsor. That is just a small token of how much they esteem the Regiment. And it is not the first time such thoughtful gifts have come over the vast space that separates us from the Border Cities.

To those Windsor folk we know and love, and to those we have yet to meet, our sincere thanks.

A NEW YEAR'S MESSAGE...

By the Commanding Officer

The year that has passed, has been one of achievement and pride to all ranks of the Regiment. It has seen the unit pass through those very difficult days of the Caen fighting and the final closing of the Falaise trap, with the destruction of a great German Army.

It has seen the entry into Dieppe again, a fitting tribute to those earlier Essex men who gave their lives so that D Day was made possible.

The pursuit to Antwerp, the breakout and the clearing of South Beveland are incidents worthy of remembrance.

This has only been accomplished by the splendid Esprit de Corps shown by all Officers, NCO's, and Men of the Regiment.

You have never failed when called upon to do a job.

The New Year will not be an easy one, but if we all do our job, we will see the war through to an early and victorious conclusion, with the Essex Scottish continuing to hold that high reputation in the Canadian Army which they have so long held.

Best of luck to you all.

.o//o.

Ode to Pte Gadd of A Coy Who Likes MAW
(He's now in hospital. Good luck Gadd)

Poor, dear Private Gadd,
Real decent sort of lad.
His only trouble
He'd only double
When dinner could be had.

KILL THE BEAST IN ITS LAIR...

Big game hunters and wild animal trainers have proved that wounded animals fight hardest. Such beasts are often more dangerous than when unscathed; because they fight furiously for life, and because their wounds are optimistically regarded by the unwary as fatal, when, in fact, they are not necessarily so.

War is no sport nor a circus, but there are parallels. The truth is that the Nazi beast has been seriously wounded and has retreated into its den. But it will not die of the wounds alone. It must be killed in its lair.

We must be ever prepared for the vicious lashing-out of the wounded beast, for these can bring death to those caught. But let such desperate struggling not be over-rated either. Our fight, the fight of our Allies, has made defeat for the Nazis certain We have yet to finish the job.

SX SNIPER is published for ALL members of the Reg't. Enough are printed and delivered to Coy HQ's so that each Section can receive one copy.

NOISE FROM THE BOYS IN THE COYS.

SP COY: Three is company, four is a crowd, according to CSM Lucas and Sgt Olsen. They were doing just fine with that buxom five-by-five damsel when in comes a cop. No ordinary cop, either, but five-by-five's hubby....talking of sgts, somebody ought to give Sgt Wright a book of instructions on how to drive a 15 cwt...Then we've got the dope who still thinks a ball bearing mouse trap is a tom cat.....

A COY: Pte Parker of "Heroes All" is back from the footlights to foot slogging, but he does OK at both...Poor Pinch done it again and got pinched again; Lard, Lard, Lard...And Tommy Childs is still kitchen mechanic and still no trades pay...but the payoff is Sgt Garrison caught dealing from the bottom in a game of Hearts at one Guilder for 1000 points.....

B COY: Looked like rummage sale night when we pushed off the last time. One Platoon was led by a wheel barrow and another had baby carriages in tow...Is Sgt Ol' Bill still waxin' the handlebars...Our cooks say they can outcook any chefs in the Bn (Ed. Note: That shouldn't be so hard!), but want to know why one batman eats his boss' breakfast then always comes back for his own.....

C COY: Fellows want to know if TCV is short for Terribly Cold Van..."Why go to Brussels when Bon Heiden is so much closer, and the ladies there are more intellectual?" asks Pte Flowers. Hey, Bud, are you kiddin'...Pln asks the SX SNIPER to print 5 useful Dutch words in each issue. What do you mean by "useful"?.....

D COY: No, Pte Sutherland, Hermans do not shoot flares from Stens...Our OC still maintains his interest in the Belgian medical profession. This lady of the Lamp has real purty lamps too... Pte O'Neal, the only man who can beat an 88 to a slit trench is worried. An article he read says that V2's go 3000 miles per hour.....

A ECH: How come Kelly isn't smoking those cigars these days.....

B ECH: Say you guys, just who is this Mary who seems to Beat the Band every time?...She does OK with others there too, we hear...She aint contrary.....

2. Unit postal orderlies will fwd certificates collected each SAT direct to DADPS 2 Cdn Corps Rear.

/2

6. SALUTING AND DRESS:

1. The high standard of personal discipline universally expected of a liberating force is not being maintained in all cases, especially in the rear areas where the standard of discipline and, in particular, turnout and saluting, leaves much to be desired.

DRESS:

2. Forward of Army Boundaries officers and other ranks will comply with the regulations laid down by Army Commanders.

3. In rear of Army Boundaries all officers and other ranks, whether stationed there, or located there on leave or on duty, will comply with the following regulations:

(a) Officers on Duty:
Battle dress, web belt, boots and anklets web, or boots leather high
Service Dress, Sam Browne, or cloth belt

(b) Officers off duty:
Battle dress, web belt, boots with or without anklets web, boots leather high, or polished shoes
Service dress, Sam Browne, or cloth belt

(c) Other ranks on duty:
Battle dress, web belt, boots and anklets web, or boots leather high

(d) Other ranks off duty:
Battle dress, web belt, boots with or without abklets web, boots leather high, or polished shoes

(e) All Ranks:
The wearing of anklets web with Battle Dress is optional when off duty, when working in offices, or on journeys between offices, messes and quarters.

(f) Web equipment will not be worn scrubbed, but will be cleaned with the authorized green blanco which is now available. The only exception is CMP or C Pro C personnel for whom special orders are issued.

(g) Head dress will be that laid down for the arm of the service to which the individual belongs.

SALUTING:

4. A high standard of saluting will be maintained by officers and other ranks. All allied officers will be saluted by equivalent and junior ranks and salutes will be returned by all officers in an exemplary manner.

5. Flagged cars and cars carrying distinguishing plates will be saluted.

7. POSTAL ADDRESS:

1. Considerable delay has resulted from the using of an incorrect postal address for personnel of the Cdn Army serving in this theatre. The correct forms of address are as follows:

(a) All letters and all parcels except those originating in the UK which contain commodities subject to tax:
Number, Rank, Name, Sub-unit(Battery, Company etc) or Branch (where individual is serving with the formation HQ)
Unit (Regiment,Battalion, etc) Service (RCA,RCE,RC Sigs,etc) or formation HQ.
CANADIAN ARMY OVERSEAS
It is to be noted that the addition of the letters "BLA","AEF", etc will cause delay of up to four days in the transmission of such mail originating in the UK.

(b) Parcels originating in the UK which contain taxable articles:
Number, Rank, Name, Sub-unit (Battery,Company, etc) or Branch (where individual is serving with the formation HQ)
Unit (Regiment, Battalion, etc) Service (RCA,RCE, RC Sigs, etc) or formation HQ.
CANADIAN ARMY OVERSEAS,
BLA

7. POSTAL ADDRESS: CONTINUED:

1.(b) Correspondents should be notified of the requirement that the term "BLA" appear in the address where it is desired to send cigarettes free of duty from the UK or to obtain relief from purchase tax on goods being despatched to Cdn personnel in this theatre.

2. The correct regt'l number is the most important part of the address.

3. The use of the correct address will speed the transmission of mail and facilitate its rapid delivery by Cdn Postal Corps.

8. CLOTHING REGULATIONS:

1. A black tie of the regulation pattern may be worn with the khaki shirt with collar attached, when off duty in barracks, when on leave or walking out, when working in offices, or when attending lectures or similar indoor instruction. Tie or collard pins will NOT be worn.

2. When the tie is worn, the hooks and top button only of the battle dress blouse will be open. When the tie is not worn, the blouse will be buttoned up to the top. During the summer months, i.e. 1 MAY to 30 SEP, on occasions when the tie is not authorized for wear, the hooks and top button only of the battledress blouse may, except on ceremonial parades, be left undone at the discretion of the officer commanding.

9. HONOURS AND AWARDS:

1. Military Cross - Lt C.A. Kadey

"On 14 OCT 44, 'C' Coy, the Essex Scottish Regt, was engaged in clearing the enemy from a large wooded area in the vicinity of GROOT MEER (MR 22 NE 665177). Lt Kadey was commanding No 14 pl, moving in a reserve role during the engagement.

Lt Kadey observed that the leading pl was pinned down by fire from four enemy MG 42s, which were covering the whole area with intense fire. He quickly appreciated the need for prompt action, and led his pl around to the left to a position from which he could deliver a flanking attack.

The enemy position was well dug in, and due to the nature of the ground, it was impossible to provide covering fire for the No 14 pl attack.

Lt Kadey led his pl over open ground in full view of the enemy, shouting to them to "Surrender". He charged the position where a fierce hand to hand struggle ensued. The whole enemy force was either killed or taken prisoner, and the company advance continued.

Throughout the whole attack, Lt Kadey showed extreme coolness and his fine example of leadership, courage, and skill in handling his pl, enabled the coy advance to continued with a minimum of delay and casualties."

2. Military Medal - B146913 Pte Norton, L.G.

"On 16 OCT 44, Pte Norton was serving as a regt'l signaller at a coy HQ, the Essex Scottish Regt, while the coy was occupying a position near WOENSDRECHT in southern Holland.

Enemy shell fire in this sector was quite heavy, and the slit trench which Pte Norton was occupying received a direct hit, killing one occupant and wounding Pte Norton and the other two occupants. Pte Norton allowed the other wounded men to be evacuated, but insisted on remaining to work on the damaged wireless set and complete artillery fire orders, which he had been transmitting. He remained on duty giving clear and accurate signals for an hour, despite the intense pain from his wounds and the continual enemy fire, until relief signal personnel arrived.

Pte Norton's calmness, courage and devotion to duty were exceptional, and he was instrumental in maintaining vital communications within the coy.

HONOURS & AWARDS: CONTINUED:

3. Military Medal - S 23258 Sgt Ryan, T.W.

"Sgt Ryan was acting comd of No 9 Pl, 'A' Coy, the Essex Scottish Regt, during the bn advance on PUTTE in southern HOLLAND on 5 OCT 44.

While advancing toward the northern part of the village, in order to seize a pivot for the remainder of the coy, the enemy opened up on his position with fierce light machine gun and bazooka fire from each flank, and from a building a few hundred yards to the front. Despite the fact that he himself was seriously wounded, and his pl had suffered heavy casualties, Sgt Ryan was determined to hold his position and infiltrate forward. He propped himself up in a ditch, and for five hours he continued to direct and control his pl, until the enemy were forced to withdraw to the north.

During this time, enemy small arms, machine gun and mortar fire were continuous, and on several occasions the Germans shouted to him to "Surrender or be overrun". The success of his operation materially affected the rapid progress of the battalion's advance."

R.W. Meanwell

(R.W. MEANWELL) Lt,
Assistant Adjutant,
1st Bn, ESSEX SCOTTISH REGIMENT.

NOTICES:

Mail addressed to civilians (on the continent) passes thru army channels to a base censor. From there it passes into civilian channels and from then on it is a question of availability of civilian tpt. Delays of up to 17 days may be expected.

Personnel having completed 60 months overseas service are eligible for leave to CANADA. Pro forma for application are available thru coy orderly rooms.

The issue of 150 cigarettes per man was made possible through the generous donation of the Windsor Overseas Smokes Fund.

The following message has been received from the Secretary of State for War and is published for the attention of all ranks.

"I send to all ranks in the BLA my best wishes for Christmas. Their magnificent feats in 1944 are the admiration and the envy of the whole world and are moreover a firm assurance of final victory over the Germans in 1945."

A WORD OF PRAISE

by WSM Wilkinson

During the past year the Essex Scottish Reg't has suffered much, and achieved much. In all our actions the Warrant Officers and NCO's have borne a splendid part, and we may well be proud.

May I express my appreciation of the co-operation which has always been granted me.

To the newer WO's and NCO's I say: "You have won your promotions in the field through your proved ability. You have been set a standard by those who have gone before you, and have always shown that you can maintain this standard by your character and determination. I have every confidence that you will continue to do so."

To all ranks, I wish a Happy New Year and a speedy end to the Hun.

"A THING OF BEAUTY IS A JOY FOREVER"

Imagine our surprise and delight when the following poetic masterpiece came to us by special courier.

SX SNIPER takes pride in being the first paper to uncover the greatest poet since Shakespeare, none other than Signalman Gord Dilling. (Note: This "poem" is copyrighted. Toronto Star, London Times and Police Gazette are warned not to reprint.)

Take a deep breath, fellows:

Roses are red,
Violets are blue,
I've got a green sweater.
Can you swim?

Dear Editor,

The time is now 5:15 and I've been standing in this damn queue for half an hour, waiting for supper. It would not be so bad if this sub-zero weather would let up, or if half of SP and BHq fellows wouldn't patrol the queue looking for friends already there.

My teeth are chattering, and my poor stomach, which has shrunk considerably since coming out of line, feels like a suction pump has been working overtime on it.

The aroma of coffee hits me about the time I'm ready to pass out, so with new determination, I hang on.

Fifteen agonizing minutes later, I reach the Promised Land, and with shaking hands, hold out my shiny mess tins.

A horrid mixture of whitish liquid rubber that they call spuds, is slopped in, and then, as though it were a ritual, gooey pukey mutton stew is added.

Somehow I manage to stumble to the rest of the line, collect my "coffee", and find the softest spot on which to collapse. On recovery, my supper once more consists of a warmish brown drink and bread.

Can't something be done about this?

Signed: I. M. Hungry.

(Ed Note: Sorry, Editor just came back from same queue suffering from malnutrition. He cannot write. May I suggest that you, Pte Hungry, get more parcels from home and bring me the odd slice of Spam? Signed: The Copy Boy.)

"WE DONT KNOW WHERE WE'RE GOING TILL WE'RE THERE..."

"OK fellows, get your kit on. We've got half an hour to make the starting point.

Having thus been "put in the picture" by Sgt Bennett, No 7 Platoon got cracking. After all, this was old stuff, and even Steels and Brewsters crap game was adjourned for a while.

So the dust starts flying. Blankets get rolled into groundsheets; socks get crammed into mess tins; laundered, but still wet BVD's get shoved into already groaning packs; Balmorals get squeezed into bulging pockets.

Ammo in basic pouches leaves a little space for the odd pack of smokes and chocolate bar; holdalls and more cigarettes and socks crowd into the respirator haversack. And still there is an unbelievable load to be carried under the free arm, or over the shoulder, or tied to belts, or any old way.

Somehow, the fellows get ready; the starting point is reached on time; and the next whirl on the merry-go-round commences.

After all the practice we've been getting, even Miller can get ready now with the aid of only three or four of the fellows. Yes sir!! It's great training for taking the family out on those post-war picnics.

HOW TO RAISE CAIN IN BLIGHTY

What German bullets and shrapnel couldn't do for them, a cane did for a couple of fellows in the Mortar Pl.

Just a plain ordinary cane, or was it?

Percy Bracket decided it was time for a rest, so he gets himself a long cane, and puts on a longer face and is off to see the MO. But on the way, he meets someone who tells him that he, Percy, has drawn No. 8. "Whooppee!" the hell with the cane," says Percy.

But Ryan, of the same platoon picks up said cane, and sure enough, the next day, he gets himself a trip to the hospital.

Will somebody lend us a cane? Or is it reserved for Mortar Platoon?

1st Bn, ESSEX SCOTTISH REGIMENT
Canadian Army (Overseas)

Dear Col Prince:

In spite of the super optimism of three months ago, the new year of 1945 still finds the Essex Scottish Regiment fighting the Bosche on the borders of Germany. How long it will be before the Regiment commences the final lap into Germany itself is any man's guess, but we all believe that 1946 will not see the necessity of these letters of mine to you. It will be much more pleasant to discuss our victories and adventures with you personally in the famous Tower Room.

It has been a strange Christmas season for all of us. To many of the reinforcements it was their first Christmas outside of Canada, while for others it was the fifth and, in a few cases, the sixth. We spent Christmas of 1944 in the line. It was a beautiful sunny and frosty day - ideal for that surge of good fellowship which this particular day normally instills in one; for a while we almost felt it again in our hearts until Jerry exploded the myth by mortar shells and machine gun fire. On Christmas Eve the Bosche entertained our foremost troops by playing Christmas Carols over a loud speaker. If he hoped to make us homesick by doing this it was wasted effort on his part because we were all thinking of home and loved ones at that particular time.

Because of the generous contribution sent by you, as well as contributions from the Red Cross and the YMCA, it was possible to give everyone a very good Christmas dinner with all kinds of food luxuries purchased from NAAFI and an ample supply of good Belgian beer with which to wash them down. It is true that the meal and entertainments had to be indulged in during the week prior to Christmas day while we were in a rest area, but that did not minimize the enjoyment of it at all. The Concert party, consisting of the pipe band and some other members of the battalion under the guidance of Padre Cardy, put on a very clever and entertaining concert. The show ran for three nights and put on a command performance for the GOC. It would have been booked for quite a long tour with other units but certain tactical developments occurred which made it necessary to cancel the plans.

During this same period of time, a regimental dance was held and some three hundred men attended. The big problem was to find a sufficient number of dancing partners. Previous units had experienced trouble with women of dubious character who assaulted the food tables and retired with large baskets of refreshments. In our case strenuous efforts were made to keep such people outside and so successful were they that there was a shortage of ladies. The whole affair was on a very high level with a lively Dutch orchestra, Christmas decorations made by the "I" Section, refreshments by our catering Sgt, Sgt Art Baker (Windsor) and, on the whole, the dance could be called a success.

We were also able to hold an officers mess dinner to which LtCol Bennett, Lt Col 'Larry' Deziel, Capt Alex Hayes and Capt Mike Heffernan were able to be present. The opportunity was taken to present Major Bill Carr, our artillery FOO, with a Rob Roy tie and officially make him an honourary member of the mess. He was most pleased. On Christmas day, Bill Carr received word that he was returning to Canada on a special job, so you may be seeing him soon.

/2

On New Years Eve we were fortunate enough to be back in a small town. Padre Cardy and Mike Dalton held services during the day. There was little hilarity at night though the sturdy Dutch burghers were disturbed by one lad who, attired in a Tank Corps hat and the shoulder flashes of another unit, peppered the streets with a Sten gun. When apprehended, he gave as his excuse that no one had told him not to do it - which somehow reflected the sense of responsibility abroad in the world as the year ended. At midnight the Pipe Band paraded through the streets to the delight of the citizens, who, in almost all cases, had never heard the pipes before. Next day the Burgomaster requested the band to play "Retreat" in the town square which it gladly did.

The Pipe Band is a wonderful asset to us and we are indeed fortunate to have it with us. It is a symbol of the regiment and quickly awakens the feeling of "Esprit de Corps" in the reinforcements. The C.O. has given permission to the pipers to grow beards. That was three days ago and some of them temporarily look like tramps. I am afraid one or two are definitely going to have difficulties in producing a good crop of fuzz, especially Piper Kenneth Kenney (Thamesville and Windsor) and Piper Bob Mackie (Vernon, B.C.). We now have fifteen in the band, nine pipers and six drummers. This is our limit because we have been unfortunate enough to lose two sets of pipes by enemy action and it has been imposible to replace them.

This week Hon/Major Mike Dalton left the Brigade for another position. We were sorry to see him go. He has been a faithful friend of the Regiment for many years and has been a real "Father" to innumerable men, irrespective of their faith.

Major Ken McIntyre has rejoined us. It was indeed pleasant to see him with the Regiment again after an absence of nearly three years.

The Army Commander's plan for leaves to the United Kingdom has naturally been received most favourably by the troops and has given all of us something to look forward to. Unlike the Canadian leaves which were so over publicized by public statements, press and rumours, and which proved to be such a terrible damper when the troops found out how few were the men who were really going to be sent home, the U.K. leaves show great promise of materializing. Major Earl Reekie (Hamilton) was the first to go on leave from this unit. He came over on "D" Day with the 3rd Division and transferred to us during the latter part of August. Yesterday several more men of all ranks left and, from now on, parties will be going out every few days.

Major Doug McIntyre (Chatham), Sgt Archie Crawford (Electric), Sgt Alf Hustiwck (Chatham) and Sgt Stewart Kirkland DCM (Cedar Springs) and a number of others have temporarily left us for a tour of duty as instructors. Their battle experience should prove a great asset in the training of the reinforcements.

Last month we proudly witnessed five of our members receive their decorations from the hands of our popular leader Field Marshal Sir Bernard L. Montgomery. These men, decorated for valour, are Major "Cy" Steele MC (Chatham), Capt "Doc" Richardson MC (Ottawa), CSM Leslie Dixon MM and Bar (Windsor), Sgt Stewart Kirkland DCM (Cedar Springs) and Pte L.G. Norton MM (Montreal). Attached to this letter you will find the citations for these men with the exception of Sgt Kirkland. His citation has been temporarily mislaid and it will have to be forwarded to you at a later date.

Lt Col Dave Croll visited the Regiment on New Years day. He now holds an appointment with Civil Affairs in Holland.

/3

You will have gathered from press reports that we have been on a comparatively quiet front for some time and consequently there is not a great deal of news for me to pass on to you. Needless to say, the Regiment is at its usual high level of spirits and anxious to get on with the push. Our buddies, the U.K. troops and American troops, are doing a great job on another part of the front and it should not be long before we are all pushing forward again, this time to the heart of Jerryland.

On behalf of the Commanding Officer, officers and men of the 1st Bn. I send you our very best wishes and regards.

Yours very sincerely,

Donald Mackenzie

(DONALD MACKENZIE) Major,
Second-in-Command,
1st Bn. ESSEX SCOTTISH REGIMENT.

Captain (A/Major) T.E. Steele - MC

Captain (A/Major) T.E. Steele commanded 'D' Company, The Essex Scottish Regiment on the afternoon of 29 July, 1944. The Company was given the important task of capturing the orchard and house at 060806 SOUTH OF CAEN on the CAEN-FALAISE rd.

While advancing into the attack with Company Headquarters, number 16 platoon was pinned to the ground by heavy light machine gun fire, and were unable to advance on their objective.

Appreciating the gravity of the situation, Major Steele immediately reorganized his company headquarters and with a total disregard for personal safety led them through the intense light machine gun fire to the company objective. It was then found that an enemy strong point still remained. In spite of the fact that both his personal runner and company headquarters bren gunner had been killed. Major Steele again regrouped his men and led the attack which successfully destroyed the body of enemy impeding the advance of number 16 platoon.

The success of this operation can be largely attributed to the ability, aggressive spirit and courage of this officer.

Captain C.A. Richardson - MC

On the 29th of August, 1944, Capt C.A. Richardson had established his regimental aid post in a cave on the river road 4 miles north of ELBEUF, Map reference Brionne, sheet SF/2 MR107008. The route of evacuation was under direct machine gun and mortar fire from the enemy situated on the east side of the river. Thin skinned vehicles could not pass along the road, and the light ambulance cars had all been damaged by enemy action. Casualties began to collect at the regimental aid post and carriers were used to evacuate all but four of the most serious cases, who undoubtedly would not have survived such a trip. Capt C.A. Richardson then proceeded to the casualty collecting post and personally drove a heavy ambulance car under heavy enemy fire to collect and evacuate his patients. He had been warned that this was highly dangerous by his commanding officer, and therefore would not take a driver or orderly with him. In so doing he showed courage and determination far beyond the call of duty and was an example to all the personnel of the Regimental Aid Post.

D146913 Pte Norton, L.G. - MM

On 16 OCT, 1944, Pte Norton, a member of the signal platoon, was attached to 'A' Company Headquarters, The Essex Scottish Regiment during an operation near Woensdrecht, Map Reference Sheet 23 NE 627204.

While the Company was occupying a defensive position the enemy was very active with his mortar and artillery fire. During the shelling, a slit trench which Pte Norton was occupying received a direct hit from a heavy bomb or shell, killing one occupant of the trench instantly and wounding by blast and shrapnel Pte Norton and the other two occupants. When the others were being evacuated, Pte Norton insisted on staying on the position to work on the damaged Number 18 Set and finish some artillery fire orders given by the company commander just prior to the time the fatal bomb hit. Suffering from severe blast and a shrapnel wound in his leg, Pte Norton stayed at the Command Post with the damaged wireless set giving clear and accurate call signs for a period just short of an hour when he was ordered to be evacuated on the arrival of relief signal personnel and equipment.

This action was an outstanding show of courage and intestinal fortitude. Pte Norton's calmness was amazing through the whole episode. As his leg was being bandaged with a shell dressing, he never once took his

eyes off the controls of the set. He was indeed, fully aware of the vital importance of communications in battle.

A 21209 CSM Dixon, F.L. MM - Bar to MM

A 21209 CSM Dixon, F.L. MM was CSM of 'D' Company, The Essex Scottish Regiment on the afternoon of 29 July, 1944. The Company was given the important task of capturing the orchard and house at C60606 SOUTH OF CAEN on the CAEN-FALAISE road.

CSM Dixon was in charge of the company carrier and remained at the F.U.P. to go forward on the success signal. Realizing that number 16 platoon was pinned down by heavy LMG fire, he went forward on his own and took up a position to provide covering fire for company headquarters, assisting them onto the objective. When resistance continued from the enemy strong point, he organized covering fire for himself, and displaying utmost determination, went forward and by the use of his personal weapon and the use of grenades, killed six of the enemy and took another six prisoners. By his action he materially assisted his company headquarters to clear out this strong point and permitted the advance of number 16 platoon to continue. His coolness and determination was an inspiring sight for which he deserves every credit.

MAINTENANCE BULLETIN 17 JAN 45

1 Well, it has finally arrived. We have talked a lot about it but this is the first bit of concrete evidence you have that, not only is our spirit willing, but also our flesh is quite up to the supreme test. You are now reading the 1st edition of a weekly maint paper being published for the benefit of all those interested in A & Q matters. In this paper we intend passing on all available infm regarding A & Q in the div and also to give you an availability list of stores being carried by the QM. From time to time, you will also find certain infm regarding Pay matters and Orderly Room business. You will probably find amendments to instructions already issued in this paper so watch for it every week.

S & T

2 The Spuds were Duds

The potatoes (fresh) that RCASC had been supplying us with were procured locally in order to give you a change from the dehydrated substitutes. However, they were so bad that the contract had to be cancelled and once more we have the tinned variety.

3 Milk for the tramps of "WIJMA"

A heretofore reasonably reliable source (the War Office) advises us that it is now possible to add skim milk powder to the FS rations on the basis of 2/7 oz per man daily in addition to the present issue of whole milk powder. This has apparently been accomplished without seriously upsetting the manpower situation and will be coming along shortly.

4 Dutch style Country Sausage:

Now that we're out of England and can hurt no ones feelings, some admirable "Q" character has done the impossible and rounded up all the porkers in the country that weren't "under comd" 8 Cdn Recce Regt. Honest to God fresh sausage is now being made for Cdn tps and will appear in your mess tins (or GROESBEEK dishes) shortly.

5 Let's Cut down on the Compo:

Now that the FS rations is reasonably worthwhile the powers that be are most anxious that all tps who can possibly be fed with it get the benefits. Will 2 i/cs give the problem a little thought and see what improvisations can be made to feed the gang a good hot meal and not the compo which hasn't too much variety. You must sometimes share our feelings that handling compo is a pretty easy go and although there are times when the op situation makes it the only practical ration, are the 2 i/cs and cooks constantly using the old noggins to give the boys in the brown suits the best rations going?

The Coal is Low:

Div tells us that we should hoard some of that excessive 2 lbs per man per day against impending famine. We know it is impossible to save any at the present time, but we are passing on to you the latest news we have had from the holy of holies. There's no coal in the div- corps- army and heaven knows when more will be available.

YOU HAVE BEEN WARNED

Carriers Water Bottle

Where are your demands for Carriers Water Bottles. We have them now so see that all your men have one.

Capo Anti-Gas

No excuse for the soldier to be without a Capo anti-gas. We have more than we know what to do with. Get the COs cracking.

1st Bn. ESSEX SCOTTISH REGIMENT
Canadian Army (Overseas)

Jerkins Leather:

Jerkins leather are not plentiful so will you please see that the MO gets them from Med Cas and returns them to your CQMS.

Wicks - Stoves Oil Heating:

Sorry boys - at present unavailable. However you can do your part in saving the ones you have by making sure that there is a good supply of Kerosene in the stove at all times.

Brushes:

No shortage of tooth and shaving brushes, so lets have your indents

Shoe Supplies:

Coy shoemakers have ample supplies of leather now, so keep 'em busy

Jackets, Anti Gas:

We have over 100 of these Jackets. Just the thing for guard duty. First here gets them, but we will gladly divide 'em up amongst all coys. If more required let us know. Peut etre we can get more.

M.F.M. 615

Personally, we don't like them but there is still a lot of eqpt being lost through negligence or otherwise and as yet we have not seen one. How's about getting a few in to us.

Denim:

Your cooks were issued with Denim trousers. Will you please see that they wear it.

Battle dress:

Despite strenuous efforts on the part of the War Office and ord, the battledress situation is still serious. Equal distribution is therefore essential and all CQs should do their part to prevent hoarding.

Demands must be scrutinized to ensure that they are not excessive. In recent cases the quantity demanded has been nearly equivalent to 2 suits per man.

Div states that it must be impressed on units that exchanges will be made for the sake of appearance but in all cases the standard of serviceability will be the guiding factor.

You know the answer now fellows. We will do our best to get battle dress for you, but please not too many complaints when it is not available.

Going on Leave to Merry, England?

Here's a break for those GIs of ours. Special arrangements have been made to have black ties manufactured locally and shirts angola altered to provide an att collar to be held in stock at First Cdn Army Transit Centre and it is fervently hoped that there will be a shirt and tie for each man passing through.

A tip to 2 i/c's - those guys want to look their best and with the limited stocks you have, start legislating to see that they get priority on the new suits.

/3

Jerricans:

We hate to flog this pt, but it's necessary.

Jerricans are STILL being returned with tops open - damaged - partially filled - water etc, in cans.

All cans must be drained - tops closed - and used only for the purpose intended.

Kerosene:

Definitely rationed now fellows. RCASC is really clamping down. Kerosene will only be issued on signature, so watch it will you please. Also we would like empty kerosene cans returned to 'A' Ech.

A few tips from the T.O.

(a) Watch the sediment bowls on your fuel pumps. Drain 'em at least once a week
(b) Just because you have brighter headlights use the old noggin when driving at night. They can still blind the other fellow and also remember you are pretty close to the front.
(c) How's about keeping the housing and other signs on your vehs clean at all times. You have all read the Provost signs along the roads.
(d) When coy veh's are at 'A' Ech it is an excellent chance to get 'em cleaned up. Check your coy mechs to get their men busy.
(e) It doesn't matter so much right now, but keep in mind the possibility of parking your vehs in soft ground where they may get frozen down during the night.
(f) Watch the unauthorized names on exterior of your veh.
(g) Speed limits were laid down for a definite purpose. See that you stick to them.
(h) A rusty wrench isn't much good to anybody. Keep your tools and eqpt clean and oiled.

Blowing up of Pet Burners:

Div tells us that this occurrence is increasing. We are guilty of it ourselves. We ask for more supervision and care by personnel handling this eqpt. Burners are still in short supply so take care of those extra ones that you have.

Salvage

Some coys turn in good quantities of slavage, others - well, where is it? Remember, it all helps the war effort, so let's have it.

VEME

Use of HD 10 Oil

Coys are cautioned that oil consumption in all engines may be higher using HD 10 oil, but advantages outweigh disadvantages of such higher consumption. Check those oil levels twice as often to avoid bearing failures.

Anti Freeze

A small amount of anti-freeze is now available. If your veh needs some - see the T.O.

Carriers T 16

Anyone who has anything to do with T16's knows the trouble experienced with the failing of oil coolers. You have claimed that the cooler bursts at 80 p.s.i. Did you know that the cooler is tested to a pressure of 200 p.s.i. Therefore failing pressure is well over 200 p.s.i. but the guage shows only 80 p.s.i.

Here's the answer to your future troubles.

Carriers T 16 - Continued

Manufacturers are installing a relief valve incorporated in the engine oil pump.

Engines fitted with the oil pump incorporating a relief valve bear engine serial no's 581255 and above, except 582001 to 582411.

Remember in temps below 40° F a warm-up period of 10 mins must be observed - except if you happen to spot an 88 coming for you; then use your own rules.

Misc:

Medical Casualties - Kits

Medical casualties in most cases are away for a short time and then return to the unit minus full kit. To cut down the demands on supply it has been laid on by Div that kits of medical casualties are to be held pending the return of the a/m. Will coys please carry these kits until their return. To make room some of those box-spring mattresses might be discarded?

Demands & Requirements of all Stores:

To ensure 24 hr service coy CQMSs are requested to have consolidated lists into HQ coy orderly room by 0900 hrs each morning. Stores if available, will be delivered in the afternoon of the same day.

Blanket Exchange:

Will coys estimate how many blankets they wish to exchange for clean ones. Estimates to be turned into HQ coy orderly room at 0900 hrs Saturday, JAN 20th, 45.

Our AA & QMG (Div) Larry Deziel, at a great deal of trouble and expense to himself very kindly volunteered to make that long, tedious and heart breaking trip to England, leaving on 8 JAN 45, just to make sure in his own mind that everything is properly laid on for you fellows and has promised us a written report within a few days of his arriving back here in this theatre.

Well, what do you think about it? Is it worth the time and trouble that was put into it? You are the judge.

There are many ways of accomplishing 'Q' efficiency in the army and we've tried most of them. We feel that this is one of the more painless forms and honestly prefer it to writing or have the powers that be write for us, curt, cold orders and instrs and returns. How effective it is, and consequently what system will be used - depends on you.

Most of what has to be done isscontained in this bulletin, and although they may be written with attempted jocularity, if you don&t take them seriously and act on them, this idea is as flat as a day old glass of beer.

/5

We apologize for this issue being of such a tremendous length but we had an accumulation of infm to put into it. We promise the ensuing issues will be shorter. We have made no attempt to be entirely original and a great deal of what you have read has come read has come from the 2nd Div Maint Bulletin.

Take it away.

NOISE FROM THE BOYS IN THE COYS

ongrats to all those wearing shining ew pips, crowns and hooks...Who is the ew DR in the anti-tanks known to all s the Black Hawk? Some say it should e Road Hawg...Pte Montgomery of A Coy mphatically denies that there is any family tie between him and the Field Marshal. On being informed of this, Sir Bernard, in relief, is said to have reached for his first drink...And tho' we've heard that cooks take bully beef to their gals, our Haslip takes candles. OK, she likes candles, but why take two?....Which way is it to 16 pl? Well son, turn left past the windmill follow the barbed wire down Schmeisser Alley, hit the snow at Mortar Junction and crawl across the minefield till you get to the burned-out farmhouse. Ask further directions from there.....

CRU-U-U-M-MPHH!

By Lt. Fleming, RCA. Ass't CMO 4 CIB.

Business was so slack on our front for awhile, that rehabilitation, whenever it does come, looked like it would be no problem for the poor old Counter Mortar staff; we'd just continue along enjoying unemployment.

But the last few days things have been picking up. Jerry's mortars have not been on their best behavior.

In anticipation of this pick-up in enemy mortar activity, the Counter Mortar Office has a number of technical devices at the present time on this front. And they're good devices.

But our mechanical apparatus has definite limitations, and even depends to a large extent upon initial reports from observers on the ground.

There is no substitute for reports from various infantry units. WE NEED YOUR MOREPS, IF WE ARE TO QUIET DOWN A HOT SPOT THAT'S GIVING YOU TROUBLE. So, let's have an accurate bearing, but Q U I C K L Y.

Within a very few minutes after you send us a MOREP we can bring down so much hot lead on an enemy Mortar position, that he'll never bother you again.

(Incidentally, Jerry is becoming curious about our Counter-Mortar methods. — Remember S E C U R I T Y!)

WONDER IF THERE'S A SHOW AT THE Y TONIGHT

The kind of propaganda the Heinies have been shooting into our area lately is about the worst we've ever seen. Those Nazis must think everybody is as stupid as themselves, to figure that Canadians would swallow the line they sling.

A dirty liar can sell all kinds of junk as the real thing. But even the dirtiest liar (and give Goebbels credit for being the filthiest liar who ever lived), can't expect to sell the kind of trash the Nazis have to offer to Canadians. In other words, Hitler, you've had it! But thanks for the paper, anyway. It'll come in handy.

There are only two things in life
To worry about:
You are either a success or a failure.
If you are a success
You have nothing to worry about.
If you are a failure
You have two things to worry about:
You are going to be sick, or well.
If you are well
You have nothing to worry about.
If you are sick
You have two things to worry about:
You are going to get better or worse.
If you get better
You have nothing to worry about.
If you get worse
You have two things to worry about:
You are going to live or die.
If you live
You have nothing to worry about.
If you die
You have two things to worry about:
You are going to Heaven or Hell.
If you go to Heaven
You have nothing to worry about.
If you go to Hell
You will be so busy shaking hands
With all your friends
That you wont have time to worry.

SIX SNIPER

HOLLAND

31 JAN 45

EASTERN FRONT: Soviet troops crossed German frontier at another point and captured town 95 miles from Berlin. In East Prussia they are fighting in suburbs of Koenigsberg. In South-east Germany (Silesia) they made another crossing of Oder River and threaten to outflank Breslau. In Western Poland they liberated 400 more places.

WESTERN FRONT: In last 24 hours RAF attacked railyards and transport knocking out 50 locomotives, 700 freight cars and 600 motor vehicles. U.S. 1st Army troops gained ground in new attack beyond St. Vith. U.S. 3rd Army crossed Our River into Germany.

FLASH!! Latest report puts advance Red Army troops about 55 miles from both Stettin and Frankfort-on-Oder.

....

ORDER of IRREMOVEABLE FINGER AWARDED

We reproduce the Order of the Irremoveable Finger, given in our Regiment to anyone who by some action lengthens the war. We consider that lowering the morale of our Padre comes under that terrible heading.

A few days ago, Pte McLeod of B Coy invited the Padre to a "friendly" game of cribbage. When 5 Aces turned up in the first hand the Padre began to wonder. But when 6 Aces showed up later his faith in mankind was completely shattered. Thus we sadly award the "Order of the Irremoveable Finger" to Pte McLeod, and may all other bottom-of-the-deck dealers take warning.

....

It Ought To Happen Any Day Now ——→

by Major F. E. Steele, M.C.

In this issue there appears the Roll of Battles our Regiment has fought from the 1st Battle of Dieppe until recently. Not many of the Originals are now with us. But most of us have been in one or more of those fights.

We have every reason to feel proud of the record our Regiment has established in this War for Freedom.

The last great battles of the war cannot be far off. Whatever job we are given in those decisive battles, I know we shall fulfill. For Hitler the slogan is "Win or Perish". For us it is: "WIN and LIVE".

At BOXTEL Ref Boxtel 1:25000	1 Jan 45		News years morning was clear and bright. Recce parties set out early to examine the positions the Battalion would, or rather, might occupy in the event of a German crossing of the River MAAS. At about 0930 hrs enemy fighters put in an appearance over BOXTEL. There were 4 Focke Wolff 190s in all and they disappeared shortly afterwards having attacked the railway station and caused little damage. The pipe band played in the streets during the day greatly to the joy of innumerable children. The Officer's Mess held an "At home" in the afternoon at which representatives from all units in the Brigade Battle gro p were present. Persistent rumours among the civilians of paratroop landings at EINDHOVEN caused a flury in the evening, but it subsided after the RHLI (who were duty battalion in charge of paratroops) had chased around the country for a while. Positions had been established during the day to be taken in the event of emergency. On the code word ARGOS, the Brigade group would move to a spot due NORTH of TILBURG, on BRUNO to NE of TILBURG, on CADIZ to crossroads south of S'HERTOGEN-BOSCH, and on DUNLOP to a town SE of S'HERTOGENBOSCH. Routes, timings and orders of march had been laid down and all was in readiness for eventualities.	Appx '1' Appx '5' RWM
At BOXTEL Ref Boxtel 1:25000	2 Jan 45		The weather turned mild but heavy clouds hid the sun. Little of interest occurred, exdept that additional recces were made by Coy Comds and the supporting arms. The Battalion was well settled in now and it seemed almost too good to last, as most of the billets were ex-cellent. The local people kind and cooperative and the work easy. Training parades, consist-ing mostly of route marches were carried out in the evening. An ENSA stage show was put on at the RICHE theatre in BOXTEL.	RWM
At BOXTEL Ref Boxtel 1:25000	3 Jan 45		This was another quiet day marked by little of interest. The weather was unkind again and a raw wind blew from the EAST. Training consisted for the most part of lectures and as we were duty battalion we were CB and on one hour's notice. There was a great deal of interest shown in the draw for leaves to England, for which some 8 officers and 260 ORs were imme-diately eligible.	RWM
At BOXTEL Ref Boxtel 1:25000	3 Jan 45		After an 'O' Gp at Bde the Battalion was informed that is would be moving shortly to VUGHT, a small town about 10 kilometres to the NORTH, at the junction of the main highways from S'HERTOGENBOSCH to TILBURG and EINDHOVEN. Apparently Army was not yet satisfied that the threat from the North had subsided and had decided to have someone johnny on this important spot. Recce parties left at 1230 hrs of another cloudy morning and returned to report that our prospective billets would, for the most part, remain occupied by 29 Armd Regt, until until the following morning. (continued) At BOXTEL Ref Boxtel 1:25000	4 Jan 45		As a result, only 'A' coy and the Carrier platoon moved up at 1700 hrs, the rest of the battalion staying in BOXTEL. Otherwise the day was similar to those just past, route marches being the chief activity.	
Lv Boxtel Arr VUGHT Ref S'HERTOGENBOSCH 1:25000	5 Jan 45		The Battalion moved out of BOXTEL at 0900 hrs, arriving at VUGHT at 1000 hrs. Our new area was in the middle of the town, in billets of various sorts. BHQ and part of Sp coy were in an enormous monastary formerly occupied by the Germans and notable for some very good and amusing murals as well as amusing slogans - best of which was "The Feuhrer's wish is our Command". The Battalion was not deployed tactically but was prepared to move immediately to a prearranged defensive position. An Officers Mess was set up under what were certainly the most comfortable conditions since 6 July and all was merry - and too good to last.	Appx '2' RWM
At VUGHT Ref S'HERTOGENBOSCH 1:25000	6 Jan 45		The weather cleared slightly and turned quite cold. The rifle coys held training parades and all was merry and bright until 1900 hrs when recce parties were ordered to be ready at BHQ at 0830 hrs the following morning. We were to return to the NIJMEGEN area as Army had apparently decided that the threat to TILBURG and S'HERTOGENBOSCH had subsided. Lt Col Pangman went to 4 Bde today to be A/Brigadier as Brig Cabeldu went on his 7 day leave. Major Don MacKenzie therefore became A CO of the Battalion.	Appx '3' Appx '4' RWM
Lv VUGHT Arr NIJMEGEN Ref NIJMEGEN 1:25000	7 Jan 45		The Battalion pushed off again at 0900 hrs of a misty, miserable morning. The route was the same as the one taken on the way down - thru BEST, ST OEDENRODE, VEGHEL, UDEN, GRAVE to NIJMEGEN. The roads were of secondary class, upon which English pioneers were operating as if on a 5 year plan. The convoy made fairly good time and by 1400 hrs we were ensconced in the same billets that we had left on 29 Dec 44. After an 'O' group at 4 Bde at which it was decided that nothing was likely to happen at the moment the Battalion settled down to train and wait. Major Doug McIntyre left for the UK tonight with a party of NCO instructors. He was replaced as OC 'A' Coy by Major Ken McIntyre. The first of the 7 day leave personnel also left, in great good spirits, to seek action on the home front.	RWM.
At NIJMEGEN Ref NIJMEGEN 1:25000	8 Jan 45		It snowed heavily during the night and the morning found the trees and roads blanketed in the familiar fashion of home. The day was quiet and taken up by training. There was, as yet, no sign of a move. In the evening, the YMCA put on a movie at a hall in the vicinity and also served tea and biscuits. Supt Walter Graw and his forces always contrive to better matters for the troops.	Appx '5' RWM

AT NIJMEGEN REF NIJMEGEN 1:25000	TUE 9 Jan 45		During the night, a third Div raid in the GROESBEEK area netted three PWs at the rather heavy cost of 16 killed or wounded. The PWs turned out to be from our old "friends" 1051 Gr Regt of 84 Div. The weather was cloudy and cold again and the day was spent in route marches or lectures. The YMCA put on a different show from the previous night, including a sing-song during which everyone sang enthusiastically and impressively.	Appx '1' RWM
AT NIJMEGEN REF NIJMEGEN 1:25000	WED 10 Jan 45		There was little of interest on another cloudy, cool day. BHQ was inspected by the A/CO in the morning and wild was the rush to get equipment. A complete if somewhat motley parade was the result. There was no sign of a move, as yet, and the day was taken up by training, once more. Most of us were surprised at the Dutch winter which, for one reason or another, we had expected to be reasonably selubrious. On the contrary, snow lay crisp upon the ground and a raw wind blew, in the manner of home.	Appx '7' RWM.
AT NIJMEGEN REF NIJMEGEN 1:25000	THU 11 JAN 45		The weather was again cloudy and cold. During the day a recce party went to the R Wpg R area in GROESBEEK SOUTH - the one from which we had pulled out on Christmas Day. We found that the Winnipegs had pulled back their lines some 5-600 yards, so that they were no longer sitting on the enemy's doorstep, ready to spit in his eye. Otherwise there was little activity and the day was taken up with training.	RWM
LV NIJMEGEN REF NIJMEGEN 1:25000 Arr GROESBEEK REF GROESBEEK No. 12 NW(E)	FRI 12 JAN		The Battalion went back into the line today after its long "rest" - if it could be called a rest. The changeover with the Winnipegs began at 1739 hrs and the rifle coys began the 7 mile trek down a couple of hours earlier. The switch went without a hitch and by 1930 everyone was in position. The Battalion disposition had 'B' Coy on the right, on high ground overlooking saucer-like country which rose in the EAST to the Reichwald. 'D' Coy next in the centre and 'A' Coy forward on the left. 'C' Coy was in reserve. To our left was the Royal Regt of Canada and in reserve, in the woods behind the RHLI. Our first action on getting into thenew position was to send recce patrols out to the areas occupied previously. In all but one case, the positions proved to be unoccupied. A German patrol followed an 'A' Coy patrol led by Lt McMillan almost back into our lines, but turned back at the last minute.	Appx '2' RWM.

AT GROESBEEK REF GROESBEEK #12 NW (E) 1:25000	SAT 13 JAN 45		The weather was cloudy and cool, but visibility was fairly good. Patrols during the night made contact with the enemy in one instance only. It was decided, during the day to place outposts in, approximately, the positions formerly occupied and, by 1930 hrs all outposts were in position without incident. Battalion OPs during the day, reported a good deal of enemy movement. The Jerry was either green or careless, for he was seen in several places, ambling about unconcernedly. Efforts were made to put a stop to this sort of thing and they were reasonably successful as he began to run, not walk to the nearest entrance. Jerry was, by no means, active otherwise, in the area. He employed his usual methods of sending intrepid individuals out with SCHMEISSERS to keep us busy but they were the extent of his activities.	Appx '1' Appx '3' Appx '4' RWM
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	SUN 14 JAN 45		Reports of enemy movement began to pour in from outposts and OPs as the Jerry wandered around on our right flank, apparently without knowledge of our proximity. He did not appear to know that our outposts were there. He also seemed to have retained his original positions. although moving his FDLs forward in the right sectors. He had MG posts in the monastary, once occupied by "C" Coy and also on the road leading WESTWARD from it, and was seen, busily engaged in tapping blackouts into place on the monastary. Our 3" Mortars plastered anything and everything that hove into view, having acquired an unexpectedly large quantity of ammunition. The day was reasonably quiet and cool and new, virgin snow glistened everywhere. White snow suits were issued to the companies in limited numbers and were a tremendous help to patrols and outposts. They made a man almost invisible against the white background and startled a few individuals who bumped into white-clad figures before realising that they were there. Padre Cardy never a man to be stopped by difficulties held a service for Support Coy in the Pioneer Pl HQ.	RWM
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	MON 15 JAN 45		Another cool, cloudy day with little to report except increased small arms fire, especially from the area of the monastary. In the early evening, spasmodic vehicle movement was reported at a crossroads directly to the EAST. Mortar fire was brought to bear on the spot and dispersed what seemed to be an enemy ration party. The troops were pretty well settled in by now and every possible form of heating device was in use. Coal was scarce, but wood was no problem and on the whole no one was suffering much from the cold. AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	TUE 16 JAN 45		A "C" Coy fighting patrol under Lt Austin attempted to get into the monastary during the night. They crawled to within 50 yards of it along a ditch but had to cross an open space to get to the monastary and were prevented from so doing by the clear visibility and crisp snow. They reported a number of MGs in the area and plenty of signs and sounds of the Jerry. There was also a lot of enemy movement during the day and on one occasion our artillery caused casualties among a group of Jerries digging beneath one of the numerous gliders in the area. One enemy also had trouble with a mine, as a loud explosion was heard followed by moaning. A further recce patrol to the monastary area during the evening confirmed Lt Austins findings and reported a number of enemy in the monastary area.	RWM
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	WED 17 JAN 45		Recce patrols during the night found the Jerry quite jittery and popping up flares all over the place. The day was cloudy, cool and quiet except for the first bit of enemy shelling and mortaring that we had received. It started shortly after 1500 hrs and continued at intervals, for an hour, causing little damage. The ememy continued to show himself quite a bit and our Mortars took full advantage of his carelessness. During the evening, the engineers commenced work on t he roads in the area, presumably for forthcoming possibilities. In the evening a little harressing fire was laid on the monastary. It consisted of three men shooting PIATS and BRENS and caused CSM "Les" Dixon to report, picturesquely enough and in approved "veiled language" that "Three little pots of jam are now shooting raspberries at the monastary."	Appx '6' RWM
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	THU 18 JAN 45		This was another cool, cloudy and uneventful day. Patrols during the night had trouble in finding Jerry to our EAST although he was thick and obvious to the SOUTHEAST. There was a little activity except some mortaring, until 1845 hrs when a number of Jerries were spotted attempting to take things out of a burning house. They were dispersed but continued to stand around and gape, from a reasonably safe distance, as if watching a fireworks display. Our five outposts reported a quiet time on the whole, though there was a considerable amount of small arms fire and some flare activity in the evening. Major Mackenzie, the 2IC who had been acting CO left today in the quiet manner so typical of this efficient and very popular officer. Major "Cy" Steele took over, in the continued absence of Lt Col Pangman, with the best wishes of everyone and with many months of extremely able handling of "D" Coy behind him.	RWM.

AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	FRI 19 JAN 45		Visibility was good and the Jerry made himself quite obvious, chiefly along BREEDEWEG and BRUUK Streets - roads which we were beginning to know like the streets of home. We tossed so many mortar bombs at him that he began to grow tired of it all and throw a few back. We were becoming quite professional in the handling of such matters though and the sound of an enemy mortar was enough to start the platoons off on the trail of "Moreps" - bearings etc, to the sound and flash. These were immediately passed back to the Counter Mortar officer at 4 Bde and counter battery work often resulted. There was little to report otherwise, except the usual small arms and flare activity at night. There were several causes for congratulation today as Capts Stan McDonald and Frank Chauvin became A/Majors commanding "C" and "B" Coys respectively. Lts Les Bond and Bob Meanwell also became A/Capts as 2IC "B" Coy and Adjt. Capt Fred Tilston went to "C" Coy as 2IC after 18 months of very able service as Adjutant. Major Earl Reekie departed, with the good wishes of all, to be G3 at Div.	Appx '1' Appx '2' Rwm.
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	SAT 20 JAN 45		Patrols during the night reported contact with the enemy, both on the EASTERN and SOUTHERN flanks of our position. An enemy patrol, complete with BAZOOKA, also came marching along the main road, straight up to Outpost "E" - manned by the Carrier Platoon. It was dispersed by fire leaving one dead. The deceased's paybook showed that he came from II Bn 1052 Grenadier Regt of 84 Div. This was a welcome identification as knowledge of the people on our front was lacking. The day was noteworthy only for occasional mortar fire - heavy stuff from well back in the Reichwald - which caused little damage. After dark there was MG and flare activity as usual, but nothing out of the ordinary.	Appx '3' Appx '4' Rwm
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	SUN 21 JAN 45		A misty, unpleasant day started badly as an enemy patrol ambushed a ration party proceeding from Outpost "E" at about 0500 hrs. This cost the life of popular Sgt "Buzz" Rawlings of the Carrier platoon and 3 other wounded casualties. One man escaped unscathed to return with the news. The Jerries had evidently been in wait for some time and departed without any attempt to obtain identifications. Patrols during the night again reported "contact with the enemy to the SOUTH- in the area we know as the "row of trees" Jerry had things well sewn up behind these trees but it was our constant hope to catch him out of his shell somewhere along the line. AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	SUN 21 JAN 45		The day was quiet enough (except for a visit from the Corps Commander) though the fact that we were out of communication with outpost "B" caused some concern. There was quite a bit of mortaring around 0700 hrs and it was thought that the line had been broken. As it could not be fixed in daylight, nothing could be done at the time. When the relief party went out at 1900 hrs, it could find no trace of Cpl Back and his 7 men. The telephone wires had been cut and the set removed - everything was gone as cleanly as a whistle. This was a very neat job on Jerries' part as he had, apparently, put down his mortar fire as a diversion and sneaked up to snatch the whole outpost. It also jarred us out of a false sense of security and the desire to sneak downstairs to get warm while on guard. The Padre kept up the good work with a service at the RAP for the Pioneers, Mortars and a number of "C" Coy personnel.	RWM
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	MON 22 JAN 45		There was little to report from patrols who were still having a little trouble keeping in contact with the enemy on our left front. The Jerry was again quite visible during a day on which visibility was good. He made use of sleighs for bringing rations and equipment around and often left these on the road while he hot-footed it for cover from our mortars. The Outposts also had a quiet time and were very much on the alert - profiting from the experiences of outpost "B".	RWM
AT GROESBEEK REF GROESBEEK #12 NW(E) 1:25000	TUE 23 JAN 45		A fighting patrol with Lt Chester in charge, to houses 92-1, an enemy haunt, proved to be fruitless as Jerry was not there. The patrol commander, disgusted, lined his patrol up and beat his way across the 500 yards of open space, back to the starting point. No results. The talk in the trenches was all of the Russian drive these days Signs had been erected on the 3rd Division front pointing out that the Russians were welcome. These in full view of the Germans, of course. The Jerry not to be outdone had fired over a few of his own propaganda, leaflets, most of which were not of a very high calibre of entertainment. Visibility was good on a clear, cool, sunny day but there was less enemy movement to report. There was a considerable amount of mortaring around noon and one casualty, in "A" Coy, resulted. It died away, however and the afternoon and evening were quiet.	RWM

AT GROESBEEK REF GROESBEEK 12 NW(E) 1:25,000	WED 24 JAN 45		Our patrols again had trouble in finding the German who did not seem to be moving his outposts with any degree of consistency. During the morning, which was clear and cold, the Jerry put up a great volume of smoke from houses and dugouts all over the front. What the purpose of this was is not clear, though, no doubt, he hoped to deceive us in some fashion. The day was quiet otherwise and enemy movement was on a lesser scale. though he still wandered around on the outskirts of the Reichwald as if he really owned them.	RWM
AT GROESBEEK REF GROESBEEK 12 NW(E) 1:25000	THU 25 JAN 45		A quiet day again. Outpost "C" which had been close to the monastary shifted it's position slightly and found its new abode thoroughly, if clumsily booby-trapped by our predecessors the RWpgRs. The customary patrol to the "row of trees" on the SOUTH found Jerry ready and waiting and did not accomplish very much. There was some shelling from 75 mm guns between 11 and 1200 hrs but no casualties resulted. Most of the enemy's dirty work was done from positions on the outskirts of the Reichwald, where he could pull things into position in reasonable security. The impression gained from a couple of weeks in the area was that he was quite thin on the ground and was trying to create the idea that he had a lot of stuff there by excessive movement.	Appx '1' Appx '5' RWM
AT GROESBEEK REF GROESBEEK 12 NW(E) 1:25000	FRI 26 JAN 45		Visibility was far too bright for successful patrols as the moon approached its full. The morning was cloudy and cold again however and a very dull, quiet day followed. There was little of interest except a bit of shelling around 1700 hrs. There was considerable excitement over the continuance of the Russian drive. Morale was extremely high and the tremendous climax to which the war seemed to be plunging found everyone keyed up and genuinely anxious to do his part. The few radios were tuned in for the news at all hours great interest was displayed over places that most of us had never heard of before. A patrol by Sgt BARRIE and Pte MALKOSKI to lay up for 72 hrs in the REICHWALD ended unfortunately in the early morning of the 26th. Completely equipped and briefed, these brave men had pierced well into the enemy lines and had laid up in a barn. They were discovered there and Sgt Barrie, slightly wounded, gave himself up and talked the Jerries out of searching the bldg. Pte Malkoski thus escaped and made his way back to our lines. AT GROESBEEK SAT REF GROESBEEK 27 12 NW(E) 1:25000	JAN 45		Life continued its rather monotonous round as a chilly wind filled in tracks and footprints. An enemy burial party was spotted on the edge of the Reichwald and dispersed. The Jerry was reasonably visible again though quite chary about it all. He had an elaborate system of crawl trenches throughout the area and used them whenever possible. When it was not possible he ran in the open, though some of the braver and more careless spirits walked. A patrol by Sgt Salisbury of "D" Coy probed further to the EAST, in the area of BRUUKSCHE STRAAT than had previously been done but did not make contact with the enemy. There was little of interest otherwise as the Jerry seemed content to leave us in peace.	Appx '3' Appx '4' RWM
AT GROESBEEK SUN REF GROESBEEK 28 12 NW(E) 1:25,000	JAN 45		The ouposts reported a quiet night and a full moon made visibility extremely good and patrolling difficult. A "B" Coy patrol under Cpl BOE twice approached the row of trees to the SOUTH and were pinned down by fire on both occasions. The day found a substantial increase in enemy mortaring - heavy stuff from well back, though it was limited to between 1400 and 1430 hrs. We watched the crew of an American bomber parachute to safety in the early afternoon. The plane crashed almost on the German border and a favourable wind blew the airmen into friendly lines. An enemy loudspeaker broadcast something or other at 1930 hrs. It could be heard in the forward positions, though no one could make out what was said. Not that it mattered.	RWM
AT GROESBEEK MON REF GROESBEEK 29 12 N W(E) 1:25000	JAN 45		The weather was again cloudy and cool, though visibility was fairly good. Patrols to the road running WEST from the monastary could not find Jerry who was, apparently staying close to his main positions. There was an increase in enemy movement, they were seen digging more communication trenches and wandering around with full equipment on as if a change-over had taken or was taking place. The night's patrols went out early as the full moon made matters awkward no matter what the starting time was. An "A" Coy patrol under Cpl Fleming went forth to recce the Anti-Tank ditch running through BRUUKSCHE STRAAT and returned to report no enemy encountered. Pte MALKOSKI, of Reichwald fame, also went out to attempt an ambush of a ration party seen by himself and Sgt BARRIE. This patrol got lost for a time, scoured most of the Royal Regt area and eventually bumped into a position which was quite strongly held. A patrol from "D" Coy, under Sgt JACKSON went SOUTH to the row of trees and reported the enemy MDLs to be strongly held.	RWM.

AT GROESBEEK REF GROESBEEK 12 NW(E) 1:25000	TUE 30 JAN 45		The morning proved to be cold and misty with snow falling heavily. There was a certain amount of shelling and mortaring between 1100 hrs and 1230 hrs, but little other activity. Observation was difficult though BLIND BILL (One of our OPs) reported 12 Jerries carrying white bundles, of a suspicious nature. These might have been anything but quite possibly were mines. The front, at this time, seemed to be on the verge of boiling over. The Corps Arty plastered anything and everything at the slightest provocation. Engineers were everywhere mending roads, (to last until the first thaw) putting pickets along the verges, felling trees, working night and day. The Russians successes continued to mount, the Ardennes bulge had practically disappeared - so we looked at life and saw that it was good - though slightly soil worn.	RWM
AT GROESBEEK REF GROESBEEK 12 NW(E) 1:25000	WED 31 JAN 45		Two patrols by "A" Coy with Cpls Fleming and Carrigan carrying the ball tried to obtain the measurements of the Atk ditch running through BRUUKSCHE STRAAT. In both cases the patrol was held up by enemy movement in the area. The day, reasonably clear, was very quiet and enemy movement was slight. There was little of interest and a number of officers and NCOs were able to get out to attend instructional films at MOOK. In the evening, Cpl Carrigan again attempted to reach the Atk ditch - succeeded this time despite difficulties and brought back full and much-needed information. So, January passed to our relief and doubtless to the relief of the half-frozen citizens of NIJMEGEN who huddled around their faggots hoping against hope that the war would soon end. LOB & Reinforcement Policy

1. LOBs

(a) Object

To ensure that the max number of soldiers are available to fight, consistent with an adequat res of pers being kept to provide immediate rfts and form a nucleous for the reforming of sub-units.

(b) Gen

(i) Pers will be LOB in anticipation of a deliberate battle which is likely to cause hy cas. This HQ will notify units when pers are to be LOB.

(ii) In gen when in contact with the enemy, no inf sec will consist of more than seven soldiers (incl the sec comd)

(iii) Insofar as it is possible to do so LOBs will be found from battle trained pers and rfts without battle experience with the particular unit concerned will NOT be kept as LOBs.

(c) Offrs

(i) An offr capable of comd will be LOB from each Coy. It is suggested that this policy be followed at unit level. The Adjt or Asst Adjt will be LOB.

(ii) Regardless of unit offr str, one offr from each coy and BnHQ will be LOB.

(iii) Offr LOBs will NOT visit their 'F' Ech during their period as LOB except under exceptional circumstances.

(d) ORs

(i) At least one WO II or Sjt (NOT incl the CQMS) per coy and BnHQ and one NCO per pl will be LOB.

(d) Exceptions

The above instrs will NOT be varied without ref to this HQ.

2. Organization

(a) 1 pl per rifle coy
(b) coys are responsible for adm, feeding and discipline
(c) Senior LOB Offr will command "AD HOC" LOB Coy. He will be responsible for trg, movement and local defence.

REINFORCEMENTS

1. Rfts normally are sent from Adv Rft Coy to 'B' Ech. They will stage as quickly as possible and proceed to 'A' Ech.

2. The following routine will be carried out at 'A' Ech

(a) Rft will be addressed by the Senior Offr present as soon as possible giving them the tactical picture and routine which will be carried out before going into the line.
(b) Meal parade
(c) Talk on Regtl history and customs. Each man will also receive the Essex Scottish Pamphlet.
(d) Pmr will check records and trg qual
(e) Alloted to coys, bearing in mind man's qual, coy str and tradesmen and specialist holdings.
(f) HQ Coy and Sp Coy will absorb a proportion of new men even if up to str. Necessary adjustments to str will be made by transfer of experienced to rifle coys.
(g) As far as possible men who have served with coys will be ret to sub- units

/PTO

(h) Coy CQMS will check kits and make up deficiencies as far as possible Clerks will complete coy records.

(i) Under NO circumstances will rfts be despatched to a sub-unit immediately prior or in midst of an action.

(j) Rfts will spend 72 hrs in 'B' Ech & 'A' Ech. This time will be devoted to adm, trg in small arms and tests of man trg. LOB pers will supervise.

(k) If LOB policy is in effect they will train with their coys, otherwise they will be trained by special offr and NCOs detailed by BnHQ.

3. CONFISCATION OF CIV WRLS SETS:

1. Reports have been received that privately owned wrls receiving sets belonging to inhabitants of occupied areas of GERMANY have in some cases been confiscated. This is NOT in accordance with Mil Govt Law Number 76, Article II, paras 5 and 6.

2. Allied broadcasting stas are emp to broadcast important instrs from the Supreme Comd, to transmit news which is important in allaying rumours and suspicion and to counteract propaganda and falsified news from German sources. In addition the availability of such privately owned sets gives comds a means of dissaminating orders and infm promptly.

3. In view of the foregoing, confiscation of civ wrls sets will only be ordered if considered necessary by counter-int staffs. Authority if considered essential, for ordering such confiscation is vested in comds of fmns NOT below corps.

4. GERMANY - Relations with the Civ Population
Measures to be taken to deal with Org Obstruction
Subversive Behaviour, Resistance to authority, and
Acts of Violence: Use of Firearms

1. Offences against Mil Government orders by indivuals will normally be dealt with, irrespective of their grav ity, by arrest and trial by Mil Government Court.

2. Sabotage, such as deliberate attempts to interfere with essential mil installations, and collective resistance on the part of the civ population, or any sec of it, will be suppressed by force of arms. Orders as to the measures appropriate to the occasion will be issued to the comd of any det detailed for security duties. These orders will cover such cases as the pursuit of wanted criminals whom it is essential to capture alive.

3. While as a gen principle NO unnecessary degree of force will be emp, not will firearms be resorted to wantonly, the restriction laid down in the MML, KR and KR (Can) for tps acting in aid of the civ power, particularly those in regard to warnings and consultations, do NOT apply to tps operating in hostile territory.

4. Formed bodies will take action only on the orders of their comds.

5. The instrs on the use of firearms in GERMANY at app 'A' below are for the guidance of fmn and unit comds in issuing instrs on the use of personal weapons by FS and counter-int personnel, individual soldiers or by small casual parties.

6. The following principles, which summarize the legal posn will be borne in mind throughout:

(a) The wanton killing or maiming of an unarmed civ is a crime against the laws of war and against Brit law and the offender will be liable to trial by court-martial for the civ offence (murder, manslaughter or unlawful wounding).

(b)

(b) The use of weapons on the civ population to enforce a mil order is only justified if compliance with the order is imperative on mil grounds, and if obedience to the order can NOT otherwise be obtained.

(c) The soldier need NOT, and will NOT, hesitate to protect himself by all means in his power, and, if necessary, by the personal weapons with which he is provided; and to prevent acts of violence which may imperil mil security, or interfere with mil installations.

APPENDIX 'A'

USE OF FIREARMS IN GERMANY

It is anticipated that during the period of occupying GERMANY and also when the occupation is complete, occasions may arise when the tps may have cause to resort to the use of firearms for other than strictly op reasons. Instances may be as follows:-

(a) If attacked

(b) To prevent crime

(c) To effect arrest.

In order that a soldier nee NOT hesitate, in an emergency, as to his legal righ to use arms, the following pts will be brought to the notice of all ranks concerned.

(a) Generally

In enemy territory greater discretion is given to the use of personal weapons in dealing with the inhabitants than at home or in a friendly country. THEY MUST NOT, HOWEVER, BE USED WANTONLY.

(b) Particularly

The following circumstances justify the use of firearms.

(i) If attacked by an armed person or persons.
(ii) If attacked by an unarmed person provided he cannot be overcome.
(iii) To prevent violence, crime and sabotage.
(iv) To stop a person escaping from custody or resisting or evading arrest, provided he cannot otherwise be secured.

(c) If it is necessary to fire, fire will be aimed. In cases (b) (ii) and (b) (iv) above it will normally be sufficient to shoot to wound.

3. BROADCASTING:-

1. No. 1 Field Broadcasting Unit has now arrived in 21 Army Group area and has been deployed. The stations of the unit will rebroadcast the AEF programme on a medium wavelength so that it can be heard on all medium wave receivers in the area. Items of local interest and recorded programmes will also be broadcast.

2. The call sign of the unit is BLA succeeded by a number, e.g. BLA2.

3. The wavelength and frequencies upon which the programmes broadcast by stations can be heard are:-

BLA2 - 274 metres (1095 kcs)
BLA3 - 219 metres (1366 kcs)
BLA4 - 214 metres (1402 kcs)

4. The stations will operate at present from 0555 to 2300 hrs daily but variations may be made to this from time to time.

5. Requests for special broadcasts from Cdn formations under command Armies will be forwarded through normal channels to 'A' Branch Rear HQ 21 Army Group. Cdn Base and L of C formations will forward requests for special broadcasts to Cdn

Broadcasts ...../3

Sec, 1 Ech, HQ 21 A Gp. Request will not be made direct to No 1 Field Broadcasting Unit, which is not permitted to broadcast without the authority of 21 A Gp.

6. Reports on the quality of reception and comments on the programme will be addressed to Army Welfare Services, Rear HQ 21 Army Gp, BLA.

4. SLATE OF OFFICERS

1. The attention of all ranks is directed to Appendix 'C' of this order "Slate of Officer" which is effective 23 FEB 45.

for Adjutant,
ESSEX SCOTTISH REGIMENT.

YMCA NOTICE:-

1. The following is the information needed by the Y.M.C.A. personnel in order that the Flower Cable Service to Can, U.K. and U.S.A. may function correctly.

(1) Date.
(2) Name and address of person receiving flowers. (This should be as full as possible, keeping in mind that the florist has to deliver the flowers, not the postman.)
(3) Exact date you wish them delivered (at least a month should be allowed and even longer if possible depending on the distance to, and remoteness of destination).
(4) Occassion (birthday, anniversary, etc or just greetings. If you wish you can state whether for mother, wife or sweetheart, as some florists have specially printed cards.
(5) Rank and number.
(6) Message (only five words allowed and two of those must be your name. Put Bill, Red, Shorty or whatever else you wish for your first name).
(7) Type of flowers (put whether Roses, Cut Flowers Corsage or Plant only).

(8) Prices only - £1-0-0; £1-10-0 or £2-0-0
Dutch Equivalent: £1-0-0 - 10.67 guilden
£1-10-0 - 16.00 guilden
£2-0-0 - 21.34 guilden

2. This information may be put on the outside of an envelope (in the above order, please) and the correct amount of money sealed inside the envelope). Give this to your CQMS, his storeman, or anyone else who will be able to turn it over to your YMCA at 'A' Ech.

3. Civ Maint in GERMANY - Limitations on Procedure & Procurement

1. During the early stages of the adv into GERMANY the areas occupied will be issolated from their usual sources of sup. Civ adm will be made more difficult by the probable absence of all government officials and the destruction of records, and efforts may be made to throw the onus of civ maint on the Allied Forces.

The GERMAN civ adm will be held responsible for maintaining the whole civ population incl displaced persons. It is NOT the policy of 21 Army Gp to provide relief sups, except to the minimum extent necessary to prevent such disease and disorder as might interfere with mil ops. Availability of such relief sups is extremely limited.

It is therefore imperative that the civ population in occupied areas of GERMANY exist on stocks already in those areas.

2. Until further notice NO procurement (confiscation, seizure, requisition or cash purchase) of the items listed below will be made:

Civ Maint ...../3

Government or civ: food sups
clothing sups and blankets
soap
med and sanitary sups
solid or liquid fuels
load carrying tpt and MT
spares (eg tyres and btys)
wherever found in GERMANY.

Large stocks of such items should be reported by mil units to the nearest Mil Government Det, or to their fmn HQ for transmission to Mil Government staff at Corps HQ.

At GROESBEEK Ref Groesbeek 1:25000	1 FEB 45		The month began with an exceedingly mild, cloudy day. The snow disappeared quickly and thick, clinging mud was everywhere. Our area was very interesting as visitors of all ranks and sizes began to pour in on us, chiefly from the 51st Highland Division. Engineers were busy all over the place and it became evident that something big was brewing. There was little enemy activity except the brief mortar bombardment. In the evening a 'D' Coy patrol under Lt. DOUGLAS went to nip a prisoner at our old friends "the row of trees" to the south. Artillery support had been laid on to assist the patrol in it's withdrawal - the signal for it being one red flare. Unfortunately the Jerry fired a red flare as the patrol lay up near the trees. A short round killed one and wounded 3 of our men and the patrol withdrew with difficulty.	Rwm
At GROESBEEK Ref Groesbeek 1:25000	2 Feb 45		Starting in the early hours of the morning there was sharp increase in small arms fire occasioned by the movement of 'C' Coy from a rear position into 'B' Coy's area and the withdrawal of 'B' Coy into 'C' Coy's dugouts for a bit of a rest and a chance to bathe and clean up. No casualties were suffered however. When day dawned the weather was cloudy and quite mild with visibility which was fair enough to enable us to spot some enemy movement. Unfortunately however the good visibility worked both ways and some heavy shelling of three company areas resulted after lunch. Indications of things to come were continued with Corps Arty firing five times resulting from the work of our OPs during the past few weeks. An ambush patrol of ten men under Lt. G.E. CHESTER had no luck although they waited expectantly for a "Schmeisser Joe" whose location was spotted by the patrol.	Appx '2' Rwm
At GROESBEEK Ref Groesbeek 1:25000	3 Feb 45		The week ended with another mild cloudy day with visibility good. In the morning, tanks set themselves up behind 'B' Coy's position to zero guns and as has happened on many occasions they drew fairly heavy fire on our own Company position. With the increase of movement of all kinds immediately behind our FDLs this retaliation came to be an accepted fact. A strange phenomenon appeared as the warm weather began melting the snow. A continuous succession of white smoke blobs arose from the ground in front of the battalion area. After much deliberating it was decided that fragments of phosphorus bombs kept inert by the snow were igniting on	Appx '3' & '4' Rwm

(continued) At GROESBEEK Ref Groesbeek 1:25000	3 Feb 45		exposure to the air. At the time, the occurrences were very mystifying and many felt that "The Secret Weapon" had been loosed against them. 11 Fd Coy, RCE recce parties arrived during the day to arrange for mine lifting which was carried out on that night in front of 'D' Coy outpost. An ambush patrol whent out from 'A' Coy under Lt. W.N. MC MILLAN but found Jerry as elusive as ever and came back after several hours with very little information.	RWM
At GROESBEEK Ref Groesbeek 1:25000	4 Feb 45		The weather was rainy and mild with visibility q ite good at times. Engineers continued with their work of lifting mines and while removing the Anti Tank Mine Belt in front of our lines and the Royals got into a skirmish with a German patrol. There was a possibility that the passwords had been compromised in this scrap and an alert enabled us to nab our first prisoner in months. A Jerry lay-up patrol got into 'C' Coy's lines and managed to by-pass the forward platoons. Because identification was by recognition only and not by the use of pass-words, Pte. Breland and Pte. Patterson of 15 platoon let the enemy patrol well within effective range of their weapons. A couple of bursts of fire directed at the two guards finally convinced them that obtaining recognition was too risky and Bren fire from their weapons killed the Corporal in charge of the patrol and wounded one who was taken prisoner. The third escaped but the unit and Brigade as well were jubilant that an identification confirming suppositions as the to the unit on our front had been obtained.	RWM
At GROESBEEK Ref Groesbeek 1:25000	5 Feb 45		Visibility was reduced by rain to about 100 yds and the country began to look like a sea of mud. The lack of events during the day was certainly the lull before the storm. Anti-personnel mines were lifted with more of the anti-tank mines during the night. Lt. J.D. WILLIAMS and 8 men went out amongst the gliders on an ambush patrol. Some small arms fire was observed from the area of the Monestary but no contact was made with the enemy. At 2330 hrs the news was passed to all companies that the Russians had reached the ODER RIVER between FRANKFORT and KUSTRIN.	RWM.

At GROESBEEK Ref GROESBEEK 1:25000	6 Feb 45		The weather cleared up a bit and Jerry took advantage of th visibility to take a crack at 'A' Coy's positions and our own Tac Headquarters with an SP Gun. Our own mortars were very active on enemy houses and movement. 'D' Coy pulled some necklaces across their road to give some anti-tank defence to our area which was by now denuded of prepared mined area. The carriers thought an Enemy SP Gun had moved in to within 400 yds of their outpost. Brigade felt confident that they had knocked one out in that area but a PIAT Group from the Carrier Platoon on investigating found no trace to confirm the reports. Enemy movement occasioned a series of minor alarms but our preparations to prevent a "spoiling" attack on his part were complete and everyone was on his toes to keep our own holdings intact. An ambush patrol of Lt. F.E. AUSTIN and 10 men went to the hedge leading towards the REICHWALD but found no trace of the enemy that night.	RWM
At GROESBEEK Ref Groesbeek 1:25000	7 Feb 45		A low ceiling kept visibility poor all day. The day was spent in an increased state of alert on the part of our outposts - every observed movement of enemy was reported. Heavy traffic on our supply routes kept our own vehicle movement to a minimum and barriers were manned to keep stra vehicles from wandering, lost, intO our FDLs. The CO's "O" Gp was called and details of Operation "Veritable" were announced. The strength of the forces and equipment massed for the attack seemed staggering and our ring-side seats for the big show seemed to make up for the long period of inactivity on our own front. We were not included in the initial phase of the operation - our only preparation being to draw our outposts inside the fire line. Following the "O" Group personal messages were received from Field Marshall MONTGOMERY and from General CRERAR and read to all in the battalion. During the night all contacts with outposts and with the Royals were tightly checked and one alert occasioned when a trip flare went off in 'C' Coy's area, was traced back to a large white rabbit. Our forward outposts withdrew according to plan. An awesome spectacle was the destruction of CLEVE and GOCH by our own Air Force about 2300 hrs. About 700 bombers dropped flares incendiaries and high explosive - to provide the best pyrotechnic display in months.	Appx '1' RWM.

At GROESBEEK Ref Groesbeek 1:25000	8 Feb 45		Before dawn broke, the preparation for the attack on the RIGHWALD Defences had started. At 0500 hrs the entry "All Hell Broke Loose" crisply describes the thundering of a thousand guns which softened the resistance of the enemy for the attcking forces. The morning of the attack was a cool gray one and the air of quiet confidence present with the Scottish Troops was very inspiring. In spite of some shelling of our own area in retaliation for the terrific hailof steel shells and rocket projectiles directed against Jerry, the battalion was an enthusiastic audience for the show which developed during the day pretty much according to plan. At night 'D' Coy provided a covering party of two sections for English sappers, otherwise there was very little activity on our own part. The war was moving past us.	RWM.
At GROESBEEK Ref Groesbeek 1:25000	9 Feb 45		The weather was not designed to assist the operation in hand. It rained heavily and visibility was poor. In spite of great efforts on the part of the Engineers to turn tracks into roads, they could not do away with the mud and traffic movement became a real problem. The Battalion spent the day stretching it's legs after a long seesion in slit trenches. We could not leave the area, not because of operational committments, but rather because there was no road space available totroops not immediately concerned with the attack. An informal patrol from 'C' Coy investigating some wrecked gliders sprung some mines and three soldiers were injured. Contact patrols were no longer required by Brigade - normal security guards being maintained in Sub-Unit Areas.	Appx '2' RWM.
At GROESBEEK Ref Groesbeek 1:25000	10 Feb 45		The weather followed the previous days forecast - cloudy with intermittent rain and showers. News of the advance was eagerly awaited when the hourly BBC newscasts rolled around. News of the advance came regularly, however. At 0930 hrs word came from Brigade to concentrate as previously planned. This, being interpreted, meant a scurrying for available accommodation in or near GROESBEEK. Most of the companies managed to squeeze into buildings which after a little hasty patching kept most of the unit dry. The Paymaster and the YMCA arrived in the battalion area to administer their respective "comforts" to one and all.	Appx '3' & '4' RWM

At GROESBEEK Ref Groesbeek 1:25000	11 Feb 45		In the morning Capt. Murphy held an RC Church Parade for the battalion at the Chapel in the Monestary in GROESBEEK which in the first two weeks of November had housed our RAP. The first word of the move came with a notification from Brigade of a meeting for the C.O. at 1400 hrs. Welcome news was the call for an 'A' Recce at 1430 hrs - definitely a problem of quartersnot operations to be solved at the moment. News over the radio reported slow steady progress with two Brigades in CLEVE. Early in the evening we were told to be prepared for a move on one hours notice after 1500 hrs, 12 FEB 45.	Appx '1' RWM
At GROESBEEK Ref Groesbeek 1:25000 Ar NIJMEGEN Ref NIJMEGEN 1:25000	12 Feb 45		The day was wet and miserable and packing for the expected move was a real job. A demonstrationof tank hunting was acheduled for 1400 hrs but our own officers missed this on the CO's receipt of word to move. The move was a difficult one because of the dense vehicle traffic but by 1615 hrs everyone had arrived in NIJMEGEN to find indoor accommodation in a Block of Dutch Barracks. 'C' Coy and BHQ found billets and Tac HQ was set up at MR 707614.	RWM
At NIJMEGEN Ref Nijmegen 1:25000	13 Feb 45		The weather was clear and mild and the paved streets were a pleasant change from the muddy trails of GROESBEEK. The unit took this breathing spell as an opportunity to do vehicle and other maintenance, to get cleaned up and to tidy away some of the paper work that had been accumulating. The YMCA showed movies which included a short strip of Padre Joe Cardy's Regimental Concert Party which awakened many a memory of a good evenings fun at Christmas time. Subject to the Curfew restrictions troops were allowed the evening to themselves to find the famous "IT" Hamburger Stand and other amusements.	RWM
At NIJMEGEN Ref Nijmegen 1:25000	14 Feb 45		Another clear mild day dawned and there were new hopes raised that spring was really here. At 0930 hrs Brigadier F.N. Cabelder addressed all the officers of the Brigade reviewing the operation "VERITABLE" to date and indicating the possible roles for the units in the next phase of the battle for the strip of Germany between the Mass and Rhine Rivers. A compliment passed down from Higher Authority that was readily accepted was the statement that information gleaned by our patrols and OPs in the preceding months have proved extremely accurate and had greatly assisted the	Appx '5' RWM.

At NIJMEGEN Ref Nijmegen (Cont'd) 1:25000	14 Feb 45		the Divisions which passed through us. For the officers St. Valentine's day was celebrated in considerable splendour. A Mess Dinner was hastily organized by the PMC and an able staff and proved to be a true "family" affair with the only guests, and welcomeones, Lt. Cols P.W. BENNETT and L.A. DEZIEL from Divisional Headquarters. The few toasts were very warmly proposed and replied to in similar fashion and everyone felt that night the strong bond that lies in Regimental Affiliation. After the dinner there was a regrouping of forces and a move to a new location for a Brigade dance - an unqualified success.	RWM
At NIJMEGEN Ref Nijmegen 1:25000	15 Feb 45		The fair spell of weather ended and a mild foggy day with poor visibility seemed to be in keeping with the reaction to the two parties the night before. Thirty offrs attended an LCA Demonstration at the Power House at NIJMEGEN. Training programs were designed mainly to harden the troops after the long period of relative inactivity An 'O' Group at 4 Brigade at 1330 hrs and the assembly of an 'A' Recce Group at 1400 hrs headed for CLEVE got us all down to serious business again, and at the CO's 'O' Group at 1445 hrs the general intention of the 2nd Division and our likely role was unfolded. Late in the evening came details of the move which was to be done embussed by using the tanks, arty vehicles and other means of transportation within the Brigade Group without resorting to TCVs.	RWM
Lv NIJMEGEN Ref Nijmegen Ar CLEVE Ref Calcar	16 Feb 45		On a cloudy day with poor visibility the CO's orders group assembled at 0830 hrs to get the final details of the move. At 0930 hrs the marching tps were on their way to vehicles of the 4th Fd Regt and had crossed the Bde S.P. by mid-day. The weather had turned beautifully clear and the route of BHQ through MOOK, almost to GENNEP, across the German frontier, throught the REICHWALD into CLEVE was an interesting one. The first and last impression we got of CLEVE was it's utter destruction as if a tempest had swept over the city leaving an ashy wake. Basements in many of the buildings remained intact and we were quick to note the strong reinforces concrete ceilings of their underground rooms and systems of the mouse-holing buildings from one end of the block to the other. BHQ was at 894563. An 'O' Group called at Brigade was late in starting and the broad plan for a Brigade attack on the high ground SW., S. and SE of CALCAR was passed on to Commanders of Sub-Units and Supporting Arms about 2355 hrs. Lv CLEVE Ref Nijmegen 1:25000 Ar Near CALCAR Ref Calcar 1:25000	17 Feb 45		At 0630 hrs final timings were issued for the attack and just beofre 1100 hrs the bn moved off to an assembly area between CLEVE and CALCAR. At 1100 hrs and 'O' Group at Brigade HQ set 'H' Hour at 1500 hrs. By 1200 hrs the battlion had reached the Assembly Area and deployed. At 1350 hrs word was given that the time for the attack had been delayed. 7 Brigade was given the job to firm up the Brigade Start Point before our attack was launched. Some shells landed in the area and two men of 'D' Coy were slightly wounded. Otherwise, there was nothing of note and much of the idle time was spent plucking feathers and carving steaks from the local poultry and live stock.	Appx '3' & '4' RWM
Near CALCAR Ref Calcar 1:25000	18 Feb 45		The weather was mild but very foggy and miserable and the temporary accommodation in dugouts and slit trenches required a little improvement. For the most part of the day it was waiting, with spirits high. At 1100 hrs a Conference at Brigade Tac HQ called the attack off for that day. This information was passed on to Sub-Units and Supporting Arms at 1330 hrs. In the afternoon the 43rd Division went into GOCH. In the evening an 'O' Group at Brigade Main HQ in CLEVE brought forth a modified plan of the attack on limited objectives farther to the south than had been orginally planned. Much of the original plan held, but company commander had a detailed discussion of the new operation which left everyone pleased with the method and confident of success.	Appx '6' RWM
Near CALCAR Ref Calcar 1:25000	19 Feb 45		The morning dawned cloudy and mild. Preparations were completed and at 1030 hrs the Battalion moved off for the attack. Following a rolling barrage were 'A' and 'B' Coys in Kangaroos and 'C' and 'D' Coys on foot to clear the ground once the armour had passed over. 'H' Hour was 1200 hrs. The momentum of the drive carried the leading companies near their objectives. They dismounted and fought on foot under a heavy hail of shrapnel and small arms fire. Casualties were fairly heavy - particularly among the officers. Major CHAUVIN, MajorMACDONALD and Capt. ADAMS, the 'B' Coy FOO were among the wounded early in the battle and this made it difficult to maintain 'B' and 'C' Coys as effective fighting units. About three o'clock enemy attacks began for the rest of the day and the weight of the tanks and infantry launched repeatedly on our front required the best efforts and courage of the highest	Appx '1' RWM.

Vehicles became bogged in the soft mud, casualties were difficult to evacuate and guns and ammunition could not get up where they were required. Darkness fell and the efforts of the enemy continued. Bn.H.Q. moved into a group of buildings which were later surrounded and demolished by tanks. The epic aspect of the story of the fight has filled the columns of Toronto and Windsor newspapers. After midnight communications between the rear link and Tac HQ went out and for hours nothing was known of the fate of the Commanding Group and much was feared for it's safety. 'A' Coy held on magnificently to it's ground though this was not known until later because of poor communications. 'D' Coy put on a show of it's own and the exploits of CSM DIXON and Cpl. MORIARITY stand out among the many brave deeds that day. On his way up to see how the battle was going Maj. Steele received a bullet wound in the leg early in the afternoon and was evacuated only after his driver Pte. MARKOWSKY threatened to personally dispose of all Germans who wished to interfere with his carrying Major STEELE out.	RWM
Near CALCAR Ref Calcar 1:25000	20 Feb 45		The early hours of the morning were grim ones. Isolated company groups fought on, short of ammunition, burdened with casualties which could not be eaily evacuated and lacking the support of the anti tank weapons with which to deal with the MK IV tanks the enemy had marshalled for his couter attack. Back in the assembly area the reports from the battalion were extreme difficulties, intense enemy counter attacks and severe casualties on both sides. The reports to Bde HQ were only that the CO had not been heard of since midnight and the Royal Regiment was launched to restore the positions it had originally occupied. About 0600 hrs the rear group of Bn HQ returned to the Assembly Area under Orders from the Brigade Commander. As day dawned the Regiment withdrew from the battle-scarred ground to shake itself and lick its wounds. To hold off the Enemy and to prevent a break through our Brigade front had taken more from us than we wished to remember. All through the Battle the Command Group fought it's own Fight and the gallant conduct of Lieut. TUCKER in defending the Headquarters while the tanks fire at point blank range will long be remembered. As the remnants of the companies returned to the Assembly Area	RWM

PANGMAN and his staff returned to the Assembly Area from their beleaguered headquarters after relief by a squadron of tanks had been completed. After a visit to Brigade and a survey of casualties and equipment losses during the battle he laid immediate plans to refit the battalion for the line. Though casualties numbered 13 officers and about 235 other ranks the battalion remained fit to fight and in the evening a composite company including about 50 all ranks from 'D' Coy and about 20 from 'C' Coy under Capt. P.A. CROPP went out under the command of the R.H.LI. to strengthen that unit on the ground.	RWM

There was great jubilation and as the stories came out it became evident that 'A' Coy's stand "Because no order had been received by them to withdraw", had left them holding the battalion front with thirty five men and several wounded. All their deeds of valour can never be recorded but each man came out, after nearly two days of close unsupported combat with the enemy, a veteran. The weather was bright and steps went ahead to reinforce and refit each company. Enemy aircraft appeared for the first time in many days and bombs were dr pped in the gun lines behind us. Just before lunch the C.O. went to a meeting at Bde HQ and announced to the officers afterwards that the job of becoming fit for the line again would permit no delay. At 1400 hrs Recce Parties went into LOUISENDORF to recce a new concentration area or rather a reserve battalion position within the Bde Area but no move took place because the S D & Gs were still in some heavy shell and mortar fire in their search for Company Billets. In the afternoon seven wounded men were evacuated from 'A' Coy's position with two stretcher bearers whose attentions had been responsible for keeping them alive. Three says after the battle of the CALCAR - GOCH Highway stories of it's heroes were still coming in. The business of reorganizing the battalion meant many promotions. New acting Majors were F.A. Near CALCAR Ref Calcar 1:25000	23 Feb 45		The weather was misty and just at dawn there was heavy mortaring and shelling, particularly of 'A' & 'B' Coy areas. Even out of contact with the enemy, casualties were suffer-ed as direct hits landed on houses occupied by those companies. At 0900 hrs there was a meeting of Company Commanders to pass on the most recent inteligence and to check on the progress towards fitting the battalion for battle once more. Lieut. W.N. MC MILLAN took over the job of I.O. for the battalion with the immediate prospect of spending a day or two visiting Brigade HQ and the HQs of other units to pick up an idea of the daily routine. In the afternoon the C.O. visited Company Areas. Heavy mortaring and shelling continued and inflicted more casualties in the Battalion and O.Ps. manned by 'A' & 'D' Coys endeavoured to get sound bearings to the guns which were giving the trouble. Near CALCAR Ref Calcar 1:25000	25 Feb 45		A sunny day for a change with a light mist. Startling news arrived that certain key roads would be closed to all our traffic between 1900 hrs, 25 Feb to 1800 hrs, 26 Feb 45. At 1130 hrs the CO proceeded to Bde and on return called a 'BALLS' for 1330 hrs, to discuss operation BLOCKBUSTER' and our role in it. Also, an L.O. from the Argyl and Sutherland Highlanders joined us to keep us in direct contact with his unit. During the night the R.H.L.I. were severely counter attacked, however this attack was repulsed and our friends secured prisoners from 16th Regiment of the 6th Panzer Div.	Rwm
Near CALCAR Ref Calcar 1:25000	26 Feb 45		This morning at 0900 hrs we received orders from Bde to move to the R.H.L.I. area without transport which would be ordered up later. The C.O. and the I.O. proceded to Bde who were situated at R.H.L.I. Tac for the purpose of being in intimate contact with events. The Argyl and Sutherland attack which had progressed rapidly in the morning has slowed down somewhat and caused a delay in our move. In the meantime the C.O. ordered up the pioneers in the absence of the R.C.E. to remove mines along the road S.E. from and through New Louisendorf. Also the Pioneer Section (Traffic Control Section) came up t act as guides into the New Area. At 1650 hrs the vehicles were ordered up and a temporary TAC HQ was set up in 'C' Coy's old area. The coys' had dug along the road with 'A' Coy leading and we remained there until 2055 hrs and then began to move up. At 0015 hrs we had taken over from Argyl and Sutherland's and TAC HQ was sent up in the new position. A lot of difficulties were suffered due to 'F' Echelon vehicles and support coy bogging down on the muddy trails to our new position. TAC HQ was burning and finally control was established enough to allow the basement to be occupied - however it continued to smolder for the remainder of our stay and the roof however managed to stay erect. Here we discovered a 'knocked out' Mark IV enemy tank in the garden of our building also a 88cm was found in good condition plus plenty of ammunition.	Appx '1' Rwm

Near KEPPELEN Ref UDEN 1:25000	28 Feb 45		The weather was clear and a good day for the Tac Air Arm. The C.O. again proceeded to Bde for an 'O' Group - time 0930 hrs. On returning an 'O' Group was ordered at 1430 hrs where we discussed our operations for the attack on the HOCHWALD. At 1830 hrs an 'O' Group was again called to put Coy Comds in the latest picture. Around 2000 hrs we moved off with 'A' Coy leading and 'D' Coy behind taking the right axis of the advance. On the left was 'B' Coy leading with 'C' Coy behind. At 2100 hrs 'A' & 'B' Coys were both plassing the start line. They moved forward and attained their objectives with very little opposition and passed beyond 300 yds where both forward coys began to run into heavy mortar fire and small arms. Few casualties were suffered, mostly leg wounds. 'B' Coy attained their second objective while 'A' Coy experienced more difficulity however with use of flame and 6 pdrs were able to consolidate on objective. At 0240 hrs 'B' Coy as instructed sent out a Recce in force t edge of the HOCHWALD and reported wire and trench system covered with MMG and mortar fire. This sub-unit had to withdraw. Around 0400 hrs we got the result of 'A' Coy's patrol who reported enemy in strength 200 yds ahead. Tac HQ moved to a new location in DELSANHOF with the exception of Rear BHQ, about 1000 yds W of HOCHWALD. At 0500 hrs an 'O' Group was to have been called for all coys, but 'A' & 'D' Coys were not able to attend. The plan then was to have 'D' & 'C' Coys move through 'B' & 'D' Coys supported by one troop of tanks (Sherbrooke Fusiliers) and artillery. 'H' Hour was set at 0715 hrs but due to road conditions zero hr was set back to zero plus 30 in order to get tanks crews into position.	Appx '2' RWSM

West of DELSENHOF Ref UDEM 1:25000	1 Mar 45		Finally our thick skinned friends arrived on the scene and were briefed by their respective coy comds and the second phase of the attack on the HOCHWALD began. As previously reported the enemy were in considerable strength with crawl trenches and barbed wire entanglements covered by machine gun fire which proved to be a tough proposition as far as 'C' Coy was concerned. 'D' Coy under the command of Major CROPP reached their objective in the edge of HOCHWALD with few casualties - however the going was far from easy. 'C' Coy on the left met very stiff opposition. However, under the outstanding leadership of Major TILSTON they finally secured their objective on the edge of the HOCHWALD to the left of 'D' Coy. Major TILSTON personally replaced the wireless set and brought ammo to his men with complete disregard for his own safety. He was wounded once slightly and carried on until he had to be evacuated with a second, more serious, wound in the leg. It was largely due to 'C' Coy Comd's outstanding bravery that the coy was successful. Although they suffered heavy casualties they remained on their objective with the help of the Carrier Pl. After these positions were firm 'A' & 'B' Coys passed through 'D' & 'C' Coys respectively and took up positions beyond in the woods. Their objectives were taken with comparative ease. Inter-unit contact patrols were maintained during the night as well as a contact patrol from Calgary Highlanders to 'D' Coy. As a result of the day's fight we had taken about 100 prisoners, captured 3 88mm guns, a medium mortar and many automatic weapons. Our own losses were 8 offr and 130 OR casualties.	RWM
At HOCHWALD Ref UDEM 1:25000	2 Mar 45		At dawn the RHLIs with an Arty Barrage started another phase of the operation. Our 'B' Coy had to withdraw into the area of 'C' Coy within the safety line. Two coys from the RHLI moved up to the area of start line and the remaining coys passed through to their objectives. Around 40 PsOW were taken and objectives were captured quite easily as the defences of the enemy seemed to have broken. The RCEs at this time were repairing the crater on the road at the entrance to the HOCHWALD. Our sub units received some shelling; however no enemy were seen by our troops. The RRC moved through both units and reached their objectives - clearing the 4 Bde part of the HOCHWALD.	Appx. 'A' RWM

AT HOCHWALD REF UDEM 1:25,000	3 Mar 45		Today the weather was overcast and raining slightly - found the 4 Bde firm in all positions of the HOCHWALD and all our coys withdrew with the exception of "A" Coy - who was considered necessary in defence - re-counter attacks. Numerous mor-reps and shell reps were passed last night and passed on to Bde. However during the late morning all enemy fire ceased. Numerous patrols were sent out by RRC's and RHLI and reported no enemy and no mines.	Appx 'A
At HOCHWALD Ref UDEM 1:25000	4 Mar 45		During the night intermittent shelling and only 'A' Coy occupying original position. With reference to previous shellreps - arty was brought down in vicinity of MARIENBAUM with desired results. Our British friends on left reported progress in direction of MARIENBAUM. Around 0930 hrs 'A' Coy withdrew and bn was conc'd in area before HOCHWALD. The CO and IO went to 'BALLS' at Bde at 1320 and on return called and 'O' Group at 1500 hrs to discuss future plans.	RWM
At HOCHWALD Ref UDEM 1:25000	5 Mar 45		Weather dull and chilly with inclination to rain. Bn enjoyed a day's rest to re-organize and get a few missed meals tucked away. Wally GRAW organized a picture show in each coy area and the chaps enjoyed a few minutes recreation. No likely move until tomorrow in the meantime there was a good opportunity to re-organize for next operation.	RWM
At HOCHWALD Ref UDEM 1:25000	6 Mar 45		The day was fair and it appeared we were to get some good weather. During the morning the C.O. made an air observers trip over the area of XANTEN which was to be our next objective. 'A' Ech also moved up in an area almost behind us. CO was called to Bde around 1550, the IO was not required.	Appx 'A' RWM
At HOCHWALD Ref UDEM 1:25000	7 Mar 45		The day was fair and it appeared we were to get some good weather. The IO went to Recce a new Tac HQ in the SSR Area and also to glean some first hand information. The 'I' Sgt plus a party went along to set up the HQ and remain there. The plan was to have a conc area and a Bn HQ previously recced by Major THOMSON, east of the HOCHWALD but behind the new battle area. Marching tps moved off at 1230 hrs while the vehicles moved at 1300 hrs. The C.O. and the I.O. proceeded to

At HOCHWALD Ref UDEM 1:25000	7 (Cont) Mar 45		Bde for an 'O' Group at 1400 hrs to get the final plan for the attack on the suburbs of XANTEN - returned to the conc area and called an 'O' Group at 1715 hrs. At 1900 hrs the Pioneer Offr and the I.O. taped the start line. Our first indication of degree of toughness of the next battle was when an SSR patrol reported that the enemy were digging in with strength. The day closed with all ranks attempting to get some rest for the hard days to follow.	RWM
Near XANTEN Ref XANTEN 1:25000	8 Mar 45		During the early morning the SSRs kept us well supplied with information re the enemy and continued to do so until 0345 hrs. At 0400 hrs the troops moved off to the FUP which was in vicinity of SSR Tac HQ. Temporary Tac HQ was set up in a sub unit of 'A' Coy of the SSR because the original Tac HQ was too close to arty safety line. At 0510 hrs all coys were reported in position and ready to go. The arty barrage started at 0530 hrs and came down perfectly - like all hell breaking loose. At 0558 hrs Tac HQ moved to the original position to operate. At 0645 hrs the two lead coys were on 'JUMP' (see trace attached) and this was passed on to Bde. Around 0700 'D' reports that they are held up at 'A' Coy and that some house namely a Chateau was giving 'A' Coy trouble. At 0718 'C' Coy was on the objective passing through 'B' Coy - hence three coys on objective. On right the RHLI were running into difficulty with one coy on objective - one surrounded and two coys missing. By 0810 we had taken 7 PsOW all from 16 Para Regt. Our friends on left, Br Div 43, were making slow ~~progress~~ but steady progress towards XANTEN. 'A' Coy still in difficulty and in order to have 'D' Coy go through they requested Crocodiles. 'B' Coy requested Crocodiles to deal with fortified houses in area. Thick skinned friends had difficulty in getting up and eventually arrived around 1100 hrs. 'A' Coy previously had made repeated attacks on the chateau and were repulsed with heavy casualties until finally the crocs put the finishing touches on the Germans with shell and flame. 'D' Coy proceeded forward and at once took objective - results all coys on objectives and consolidated. RRC proceeded through us and after some difficulty got on their objective. While consolidating Alf HODGES 'B' Coy O.C. experienced a little difficulty in clearing a house by himself - he managed to get a German officer who had first surrendered to him then attacked him. Results one more 'Good' German (dead). All coys were mortared and small arms were fired into their positions. By this time the Bn was credited with at least 250 prisoners. Our casualties were 8 offrs and 111 ORs.	Appx A RWM

Nr XANTEN Ref XANTEN 1:25000	9 Mar 45		Weather was fair and revealed a badly battered XANTEN which was ours. Tac HQ moved to 'C' Coy HQ who had moved to new position to cover right flank - due to RHLI losses. At 1645 Bde notified us that representatives of support arms were to report to parent unit (arty, A.tk). We learned from 6 Bde that time bombs set by Germans the previous day were exploding and all personnel were duly warned.	RWM
Nr XANTEN Ref XANTER 1:25,000	10 Mar 45		Weather cool and somewhat cloudy. During the previous night intermittent shelling and mor-taring were experienced in area. That afternoon and evening the YMCA put on a show for coys - "The Mask of Demetrius." During the afternoon the SX arranged a Bde Burial service where H/Capts JOHNSTON, CARDY and MURPHY conducted the services. The SX Pipe Band was in attendance and played the appropriate tunes (see att)	Appx 'A' RWM
Nr XANTEN Ref XANTEN 1:25,000	11 Mar 45		Weather was clear and cold. At 0945 a recce party left to look over our new re-organization area. Around 1545 three FW straffed our aerial observation plane and vehicles in our area.	RWM
Nr XANTEN Ref XANTEN 1:25,000	12 Mar 45		At 0450 the Bn moved off in TCV's to the new conc and rest area which is in NW tip of REICHWALD near KRANENBURG. Bn dispersed at 1715 and began settling in. The YMCA again produced a show for the evening with 'A' & 'B' Coys attending. Standing Orders were published.	Appx. 'A' RWM
REICHWALD Ref CLEVE SHEET 1:25,000	13 MAR 45		The weather was cool and somewhat cloudy which later turned to sunshine holding high promise for the 44 men who left this AM on 48 hr leave to BRUSSELS. The YMCA had another show for the boys " Seven Days Ashore". A sports meeting also took place in the evening, at which an hour a day was set aside to give the boys a laugh.	RWM
REICHWALD Ref CLEVE SHEET 1:25,000	14 Mar 45		The weather was warm and clear making our rest and training more enjoyable. War correspondents visited us gathering information on the exploits of Major TILSTON as well as other news. The laugh for today was the "Greased Pole Act" which was a hilarious success.	Appx. 'A RWM

REICHWALD Ref CLEVE SHEET 1:25,000	15 MAR 45		Weather was cool and cloudy which dampened our spirits slightly. The "Pipe Band" appeared in new kilts and played the "Regimental Airs" in the Bn Area. During the afternoon the "Bandoliers" came out and provided a show for the boys, however, it rained but the show went on. Recreational trips to NIJMEGEN for the boys and half the Bn were allowed to go.	RWM
REICHWALD Ref CLEVE SHEET 1:25,000	16 MAR 45		Weather still cool and sky overcast. Training was carried as usual with nothing out of the ordinary to report. The IO and the Doc made a recce for the pig in order to have a greased one for the "laugh a day". However the laugh was on us for the pig refused to run and "SP" Coy walked off with the "Bacon". A Mess Dinner was held in a familiar spot in Nijmegen. A lovely meal was provided and various toasts were drunk. Various presentations were made and Major THOMSON took a great delight in pinning the noble medal of "The Beer Shifter" on Joe Pays chest. However Joe Cardy at the end of Joe Pays speech got up and presented Major THOMSON with "Ye Old Tale Medal" much to affable Second-in-Commands consternation. Shortly after dinner the officers went various ways to places of entertainment in the city to continue their good time.	RWM
REICHWALD REF CLEVE SHEET 1:25,000	17 MAR 45		Weather still cool and cloudy. The 'I' Sec proceeded to Bde to start a two day course. An 'O' Group was called where the CO outlined possible operations for the Bn; also informed coy comds that bn would be supplying picquets for the CLEVE - XANTEN Highway. During the evening the CO, IO, OC 'Sp' Coy and OC Mortars attended a Bde bridge party.	Appx. 'A' RWM
REICHWALD REF CLEVE SHEET 1:25,000	18 MAR 45		Weather was bright and sunny. The CO and Adjt proceeded on leave to PARIS and BRUSSELLS respectively. Church parade was held by Capt Cardy in the amphitheatre near 'B' Coy area. Quite an uneventful day with not a great deal to report.	
REICHWALD REF CLEVE SHEET 1:25,000	19 MAR 45		Weather again warm and clear making everyone feel happy and spring is definitely here. The 'I' Sec proceeded to Bde to attend the second day of their course. A sports meeting was called to assemble 'Sp' Coy where plans were made to have a sports afternoon. Recreational trips were sent into NIJMEGEN in the evening.	RWM
REICHWALD REF CLEVE SHEET 1:25,000	20 MAR 45		Weather was warm and clear. Recce parties were sent out to liaise with the RHLI in order to obtain the set up for picketing the NIJMEGEN - CLEVE - XANTEN Highway. Sports meet was held and 'Sp' Coy carried off the honours.	RWM

REICHWALD REF CLEVE SHEET 1:25,000	21 MAR 45		Weather was clear and warm. At 0950 word arrived from Bde saying we didn't have to picket the road. Inter coy softball championships were being played with heavy hitting laid on by all ranks. In the evening the WOs and Sgts held one of their usual and very successful parties.	Appx 'A' RWM
REICHWALD REF CLEVE SHEET 1:25,000	22 MAR 45		Today was the warmest day we've experienced yet making our rest and training programme very enjoyable. Coys carried out their training dealing mostly with the firing of the 2" Mortar and Piat as well as extensive use of the ranges. During the afternoon the Bn softball championship was played between HQ team and "D" Coy with the HQ team emerging victorious. Recreational transport was again provided for the lads wishing to go to Nijmegen. "B" Coy held a party in "D" Coys recreational tent and it was a great success.	RWM
REICHWALD REF CLEVE SHEET 1:25,000	23 MAR 45		Weather was again fair and warm. The CO attended an 'O' Group at Bde where the Brig. outlined future Ops and the general situation at the present time. The Signal section carried out training on procedure with the 18 sets. In the evening a successful Bn Mess dinner was held in Nijmegen. Lt Col P.W. Bennett and Col L.A. Deziel were the honoured guests. After the usual toasts the IO was "Blitzkrieged" and the shorts he wore under his kilt were forcibly removed by Capt Grandjean much to the amusement of the rest of the officers. However many of the other kilted officers had worried looks on their faces thinking of course they might be investigated next. However, they were quite safe as Maj H.W.P. Thomsons' fifth column activity did not extend that far. The remainder of the evening was spent in telling jokes, singing and listening to Pipe Major Stoker play the Scotch airs. Capt Joe Cardy and Capt Doc Richardson lead singing assisted by Capt "Bob" Meanwell and Capt "Bob" Learn and needless to say new songs were learned as well as the old ones sung again. Pte Parker "A" Coy played the piano. A new mess committee was also elected with Pres: Major KW MacIntyre, Vice President; Capt C.J. Jeffrey and Treasurer: Lt W.N. McMillan.	RWM
REICHWALD REF CLEVE SHEET 1:25,000	24 MAR 45		Weather continues bright and clear. Air force were out in great strength today in preparation of the Rhine crossings. A message from Bde advised us that "B" time would come into effect on 2 APR 45 and remain same until further notice. Today was

REICHWALD REF CLEVE SHEET 45 1:25,000	24 MAR	(Cont)	"D" Day for the RHINE crossing and news flowed in all day of the successful crossings at WESSEL and REES. Airborne troops were used on a greater scale than any time since the war began and the same applies to the airforce preparation for the crossings. "A" Coy and "C" Coy had their parties in the evening with everyone having an excellent time. Enemy air activity was slight over our rest area - some strafing but no damage was done.	Appx.'A' RWM
REICHWALD REF CLEVE SHEET 45 1:25,000	25 MAR		Weather was warm and dry. The sky was particularly overcast and it appeared the lovely weather we had been having might cease. Church services were held attended mostly by Bn HQ and HQ Coy as the coys were on tank training. Great news was received during the evening when reports came in that Gen Pattons' forceshad broken out of the bridgehead and had made a rapid advance to ASCHAFENBURG.	RWM
IN REICHWALD REF CLEVE SHEET 45 1:25,000	26 MAR		The weather was cloudy for the first time in two weeks. Training schedules continued as usual throughout the day. In the afternoon the Essex severely trounced the 11th Fd Amb in the Bde finals. At the finish of the game we were surprised with a delightful visit from General Crerar. During the evening the Bn Officers held a very successful dance with guests from the 1 Cdn General Hospital. It was a pleasure to dance and talk to Canadian girls once again.	RWM
IN REICHWALD REF CLEVE SHEET 45 1:25,000	27 MAR		Weather cloudy and a thick mist making it rather damp. Visibility was poor. Training was carried out as usual with a good deal of sports included in the schedule. During the afternoon we trounced the RHLI softball team who had previously taken the RRCs making us Bde champions. The CO and IO attended a conference at Bde where plans were made to occupy Emmerick should the necessity occur. Later, around 1600 hrs Capt D Hunden gave the officers a talk on Army-Air force co-operation. In the evening the usual recreational transport left the Bn lines for Nijmegen.	Appx.'A' RWM
IN REICHWALD REF CLEVE SHEET 45 1:25,000	28 MAR		Weather again fair and promise of continued sunshine and warmth. In the morning we same out second best with two points to the RHLI's fourteen in a game of Volley Ball - due of course, to the fact our crack players were on leave. A message from Bde ordered a Maxwell "G" recce parties to be warned and be prepared to move in two hrs as of 1100 hrs this AM. During the afternoon, the CO called a Coy Commanders conference to inform them of developments on our front. At 1830 in the evening we were notified that an "O" Group would be held at Bde at 0930 hrs on 29th.	Appx 'A' RWM

IN REICHWALD REF CLEVE SHEET 1:25,000	29 MAR 45		Weather was overcast but later was clear and warm. Orders were issued for recce parties to RV at Tac HQ at1015 hrs to hear the results of the CO's "O" Group at Bde before proceeding to Bde RV. The recce party commanded by the new 2 IC Maj K.W. MacIntyre heard the CO's instructions to the effect that we were to cross the Rhine at REES and concentrate in the area around Millingen. Two pioneerswith mine detectors accompanied the recce party. Instructions came that one troops of the 18th Cdn A Tk Battery and one platoon of "B" Coy Toronto Scots were to feed into our Column on the move the following day. The Bn was confined to the Bn area for the evening.	RWM
IN REICHWALD REF CLEVE SHEET 1:25,000	30 MAR 45		The weather was somewhat cloudy and cool but later was clear and warm. The CO called an "O" Group giving the movement order - three rifle coys to ride in TCV's and the fourth to go with Support Coy. At 1152 34 crossed the start point, immediately behind the RHLI's and proceeded along the Kranenburgh, Cleve, Calcar and Rees highway. At 1630 we crossed the Rhine. While crossing the Rhine all marvelled at the ability of the Canadian Engineers who constructed at this point the longest Bailley Bridge on the Western Front. (1/3 of a mile) We were also thankful for the complete domination by the airforce and our AA for not one enemy plane appeared. We arrived in our new area at 1730 and began to settle in.	RWM
IN ISSELBURGH HUETH CASTLE 1:25,000	31 MAR 45		The weather was overcast - not particularly cold and no rain. The castle which we occupied was almost in ruins due to the ravages of war. It was built over 500 years ago and "Frederick the Great" once lived there. The late Baron Von Wittenhurst Zu Sonnsodt was last inhabitant of the place. The Baron died in 1938 and his sons joined the army keeping up the family tradition. It was surrounded by a moat and used to advantage by the Germans who defended it. At 1500 hrs an operational recce party was ordered to recce the area around Wals in Holland. At 1700 hrs a conference was called at Tac where we were informed that we would not move 'till early the following morning and A Echelon was to move with us. The YMCA supplied a movie and curiously enough the leading actress played the part of a refugee from Holland.	Appx. 'A' RWM

FOOD STOCKS IN GERMANY

1. The following instr from First Canadian Army is fwd for your info and implementation:

1. On 22 MAR 45 a letter was sent from this HQ on the question of behaviour in GERMANY. It is apparent now that particular emphasis must be placed on the preservation of GERMAN food stocks for the GERMAN population, which incls the GERMAN armed forces after their surrender.

2. At the present time after more than five years of war there is a danger of a world wide shortage of food. GERMANY and the countries she over-ran have gradually depleted their food res due to conc of man power and material on the manufacture of armaments to the partial exclusion of the production of food stuffs. To date there have been very big demands on the Allies to feed the liberated peoples of EUROPE and there will be further tremendous demands as the task of liberation is completed.

3. The policy in regard to the feeding of the GERMAN armed forces and the civ population is that this task will be the responsibility of the GERMANS themselves from stocks existing in GERMANY and capable of being produced in GERMANY. It is the Allied plan to control all GERMAN food stocks and to issue a certain basic ration of fixed nutritional value.

4. The present Allied service ration is generous and adequate. There is then obviously no reason for our troops to interfere with and consume existing GERMAN food stocks. Thoughtless slaughtering of animals and looting of other food commodities by our tps will mean eventually the diversion of Allied food stocks to the GERMAN people. This in turn will increase the over all maint basis of the Allies and will delay the completion of our work in GERMANY and will in fact put back the date of our return home.

5. The above facts must be explained to all ranks and strict orders must be issued at once to stop any use of GERMAN food stocks by our forces.

Continued ...../3

5. DISCIPLINE, CANADIAN - DESERTION:-

1. I wish to draw attention to the punishment of offenders convicted of desertion.

2. During the first two months of this year, substantially less than fifty percent of Canadian soldiers convicted of this offence, received sentences exceeding two years imprisonment. Although it is the perogative of the Court to consider the circumstances of each individual case and to award what appears to be a just punishment it is difficult to understand how less than three years penal servitude can be considered an appropriate punishment for this offence. A lighter sentence is not consistent with the graveness of the offence, and this will be drawn to the attention of officers sitting on Courts Martial.

3. A man who absent himself without leave apparently with the intention of avoiding some duty which he may consider dangerous places a heavier burden upon the man who does his duty bravely, and will invariably be charged with desertion. Unless vigorous and stern disciplinary action is taken in respect to this offence not only will the standard of discipline decline but operations may well be adversely affected.

4. It is possible that soldiers convicted of desertion and given substantial sentences are under the impression that a general pardon for military offences will follow cessation of hostilities. This impression is entirely wrong and must be removed at once. It must also be drawn to the attention of all soldiers that a sentence of penal servitude coupled with dishonourable discharge results in the cessation of dependent's allowance and also disentitles the soldier to all post war gratuities and rehabilitation benefits.

5. The foregoing instr will be brought to the attention of all concerned, especially officers detailed for duty on Courts Martial and formation and unit legal officers.

(Signed) (G G McONIE) Lt Gen
Comd 2 Can Corps.

6. SLANT OF OFFICERS

1. The attention of all ranks is directed to the Slate of Officers which is published as Appendix 'A' to this order and appended hereto.

7. CANADIAN ROUTINE ORDERS (21 A Gp):

1. The attention of all ranks is directed to Canadian Routine Orders (21 A Gp) which is published as Appendix 'B' to this order and appended hereto.

BURIAL RETURNS:

1. The attention of this HQ has been drawn to a certain amount of laxity in submitting Burial Returns.

2. It is pointed out that it is the responsibility of sub-unit comds to ascertain that their dead are buried and Burial Returns AF B.3314 immediately submitted through the normal channels.

3. It is appreciated, however, that it is not always possible for units to bury their dead during a fast moving action. In such cases every effort is to be made to obtain info concerning locality of fatalities and all possible details that may assist in the location of the graves. This info is to be fwd immediately to permit registration and care of the graves.

4. All concerned are reminded of the importance of this matter and instr to ensure that burial returns are submitted without delay.

NON-FRATERNIZATION:

1. Ref is made to 2 Cdn Corps RO 470 dated 16 FEB 45.

2. Non-fraternization means having nothing whatever to do with German people except the minimum contact required for the execution of mil duty.

3. All acts of fraternization are absolutely forbidden. The following are examples:

(a) Shaking hands with the Germans.
(b) Permitting children to climb onto motor vehs or to congregate in areas around mil premises.
(c) Associating on familiar terms, especially with women.
(d) Visiting German houses.
(e) Drinking with the Germans.

(f) Playing games or sports with them.
(g) Making or accepting gifts of any sort (even to or from children)
(h) Attending German dances, entertainments or other social events.
(i) Accompanying Germans on the streets, in theatres, taverns, hotels, or elsewhere, except on official business.
(j) Communicating with Germans on any subject except on official business.

The above examples are not exhaustive.

4. Disciplinary action will be taken in all cases of fraternization.

5. Fraternization offences may be minor or serious in character.

Examples of Minor Cases
Speaking to women or girls (except in cases of absolute necessity); shaking hands with Germans; small gifts to Germans (incl children); permitting children to climb on vehs or Germans to congregate about mil premises.

Examples of Serious Cases
Associating with women or girls; visiting German homes; drinking with Germans; playing games or sports with them; giving or accepting gifts (except of the most trivial nature provided for above); attending German dances or other social events; accompanying Germans on the street, in theatres, taverns, hotels or elsewhere (except on official business; discussions and arguments with Germans especially on politics or on the future of Germany.

6. The following instrs are published for guidance of COs but will NOT limit COs in the exercise of their guidance, or discretion:

OFFRS should be dealt with as follows:

(a) For the first minor offence by summary trial if offr is of rank of maj or lower. If of higher rank than maj he should be severely rebuked by a superior offr.

(b) For the second minor offence (however trivial) and for all serious offences, by offrs or whatever rank, by GCM.

OR should be dealt with as follows:

(a) For first and second minor offences summarily. An effective punishment would be a forfeiture of pay (subject to the soldier's right to elect trial by FGCM). For guidance:

First Offence - Forfeiture of 7 - 14 days pay.
Second Offence - " " 21 - 28 days pay.

(b) For a third offence (however trivial) and for all serious offences, by FGCM.

No case, however trivial, may be allowed to pass without investigation and, if proved, without a punishment.

7. Method of Charging - In ordinary cases charges may be laid under Sec 40 AA, ex:

Sec 40 ... ACT WHICH PROVED TO BE TO THE PREJUDICE OF GOOD ORDER AND Army Act military discipline

in that he,
In Germany on the 18 MAR 45 at about 1720 hrs fraternized with Fritz Hermann, an inhabitant of Germany, by drinking with him in the TIVOLI CAFE in [illegible]

NOTE - IN CASES OF OFFNS (ALL OR MOST ARE CHARGED THUS BUT BE CONSTITUTED OF WHICH GIVE RISE TO POLICY OF NON-FRATERNIZATION) where the offence is of an aggravated nature, such as intimacy with German women, or which shows a disregard for [illegible]

the Supreme Comd's policy, a charge of scandalous conduct under sec 16 AA should be considered, eg:

Sec 16
Army Act

CONDUCT OF ACTIVE SERVICE BEHAVING IN A SCANDALOUS MANNER UNBECOMING THE CHARACTER OF AN OFFICER AND A GENTLEMAN

in that he,

in Germany, on the night of 22 - 23 Mar 45 fraternized with Marie Schmidt, an inhabitant of Germany not his wife, by having sexual intercourse with the said Marie Schmidt.

An alternative charge under sec 40 AA should be added.

8. Sexual intercourse with German women is a flagrant breach of the non-fraternization directive and will always be dealt with by CM. Due to propaganda German women may be in fear of Allied soldier and may consent to intercourse through fear of the consequences of refusal. Where consent to intercourse results from fear, the crime of rape is committed. In cases of sexual intercourse with German women, where the circumstances indicate the women's consent was induced either by force or fear a charge of rape should be considered with (in the case of offrs) alternative "Fraternization" charges under secs 16 and 40 AA and (in the case of ORs) alternative "Fraternization" charges under Sec 40 AA

A.118085	A/Sgt.	WALSH, W.	Confirmed in the rank of SERGEANT w.e.f. 2 APR 45.	

VEH MARKINGS:

1. The custom has arisen of painting on jeeps and cars the appointment of the offr to whom the jeep or car is allotted - eg, DA & QMG, CRC I, G (G.M); Senior Padre (P), ENG, DMA, etc.

2. The use of all such markings will be discontinued forthwith, and they will, therefore, be painted out immediately.

3. The sole exception to this rule will be in the case of DMO, DC and DIL POW ICP vehs.

8th VICTORY LOAN CAMPAIGN:-

1. The 8th Victory Loan Campaign is being launched 12 APR 45 and closes 26 APR 45. During this period we will be expending every effort doing our share in bringing about a complete victory over the German army. And as stated stated in a message received from the Army Commander, it is his belief that this loan will be the Victory Loan. Let us in 2 Can Inf Div again go over the top and break all records in this 8th Victory Loan.

2. We subscribed in the last Victory Loan for $965,000.00. In this loan we have set our objective $1,000,000.00. I am certain we can beat this objective if commanders at all levels give this campaign their personal interest and direction.

3. It is my wish that every soldier in 2 Can Inf Div be given the opportunity of purchasing these bonds. The same good reasons why everyone should invest in War Loans prevail to-day as did before. The early cessation of hostilities will not bring about the end of Canada's economic problems. Subscriptions to the bonds will greatly help Canada to face these problems. The purchase of war bonds is not only the soundest investment but is also an essential service to our country. I shall expect an out and out effort on everyone's part.

(A Bruce Matthews) Maj-Gen
Comd - 2 Can Inf Div.

DISCIPLINE AND FINANCIAL RECOVERY
Stolen, Missing and Abandoned MT Vehs

1. Loss of vehs, particularly cars 5 cwt, through theft and negligence has been altogether too frequent. Various orders have been published and directives issued specifying the precautions which must be taken. Attention is directed to the following:-

First Cdn Army RO 831 dated 16 Oct 44.
2 Can Corps RO 441 dated 1 DEC 44.
2 Cdn Inf Div 2D/ 5-4-0 dated 17 MAR 45

2. Para 5 of 2 Cdn Corps RO 441 reads as follows:-

"Disciplinary action will be taken in regard to any breach of this order, and where there is a loss of a veh as a result of non compliance, offenders will be held to have a financial responsibility in respect of the loss, unless they can prove that it was operationally necessary to leave the veh unattended."

3. While it is not intended to specify a mandatory scale of stoppages of pay to be awarded in all cases, in order that there may be reasonable uniformity it is suggested that where negligence is proved, stoppages of approx $20-0-0 in the case of offrs, and the equivalent of 20 days pay in the case of OR would be effective. Ref should be made to Overseas RO 4575 and AR (Can) 472 for procedure to be followed.

SLATE OF OFFICERS:-

1. The attention of all ranks is directed to the Slate of Officers which is published as appendix 'A' to this order and appended hereto.

CANADIAN ROUTINE ORDERS (21 A Gp):-

1. The attention of all ranks is directed to Canadian Overseas Routine Orders (21 A Gp) Nos 1171, 1172, 1174, 1175, 1182, 1184, 1185, 1186, 1187 1188, 1189 and 1190 which are published as Appendix 'B' to this order and appended hereto.

Near WALS Ref ISSELBURG SHEET 4104 1:25000	1 Apr 45		Weather was clear and cool and in the early hours we crossed the German border back into HOLLAND once again. At 0750 hrs. we arrived in our new location and had hardly settled in when another operational move was ordered. Once again in the early afternoon we started off only to have the orders cancelled -- then shortly put into effect again and continued on original route. At 1530 hrs. we arrived at new location only to have another move on our hand s and arrived at our new location just outside of DOETINCHEN from which the Germans had retreated only five or six hours previously. The CO and IO went to an "O" group at Bde around 2300 hrs. and got the plans for the crossing of the TWENTHE CANAL -- which was passed to Coy Commanders at midnight.	RWM
Near DOETINCHEN Ref DOETINCHEN SHEET 4003 1:25000	2 Apr 45		The Bn. moved off in TCV's followin g the Royals -- we moved very slowly with numerous stops and finally arrived in a wooded area near ZUTPHEN. In the afternoon an armed recce patrol went out in the direction of ZUTPHEN to feel out the enemy and get information on the bridges over small streams and mainly a bridge over the TWENTHE CANAL. The patrol was fired on and had to return suffering two lightly wounded casualties. During the afternoon, the Mortar Officer Captain R LEARN in search of an observation post, captured 28 Germans. At 1715 hrs. the CO went to Bde to get further orders regarding the operation of crossing the canal and on his return passed news on to the Coy Commanders.	RWM
Near ZUTPHEN Ref ZUTPHEN SHEET 3803 1:25000	3 Apr 45		The weather was murky and overcast. During the morning a recce party under the command of Lieut. FRASER went to feel out the enemy near ZUTPHEN and ran into trouble. We suffered one killed and three wounded and Lieut. FRASER himself, was missing until the evening when he returned under cover of darkness, wounded in the shoulder, and gave us valuable information of enemy positions. At 1630 hrs. the CO and IO went to Bde and received the movement order which was to take us over the canal by ferry to a new concentration area in the RRC lines. Around 1730 hrs. the CO passed his orders on to the Coy Commanders. In the meantime, our 'B' Coy took over from 'B' Coy RHLI to release it for the crossing of the canal and strengthen the bridgehead. The crossing was delayed due to enemy activity and we finally got across with our Company intact about 0245 hrs.	APPX II RWM

CANADIAN ARMY (OVERSEAS)

Place	Date	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
Near TWENTHE CANAL Ref ZUTPHEN SHEET 3803 1:25000	4 Apr 45		Around 0310 hrs. the Coy Commanders came in for a conference with the CO where a plan was devised to enlarge the Bridgehead over the Canal. Coys moved out independently and by 0700 hrs. all Coys had consolidated on objectives under heavy enemy small arms fire and occasional artillery. Patrols were arranged to feel out the enemy and contact was made. Whilst expanding and consolidating about 60 POW's were taken, chiefly by C & D Coys. Our casualties were exceedingly light despite the opposition. By 1118 hrs. we were able to report positions firm and enemy cleared from area. To protect our flanks a squadron of tanks came across the newly constructed bridge. Annoying enemy shellfire resulted in our supporting arms neutralizing the enemy guns. Various reports came to us from civilians. We were able to sift the valuable information and take appropriate action. A contact patrol programme laid on inter Bn and inter Bde.	APPX I Rwm
N of TWENTHE CANAL Ref ZUTPHEN SHEET 3803 1:25000	5 Apr 45		Weather was fair after an uneventful night and units of 5th Bde moved across into the Bridgehead. The remaining part of the day was spent in holding the line as we built up the strength of the 4 & 5 Bdes for the next operation. During the evening the YMCA provided us with a show, "Government Girl". Contact patrols were carried out as usual.	Rwm
N of TWENTHE CANAL Ref ZUTPHEN SHEET 3803 1:25000	6 Apr 45		During the night patrols were sent out but no contact with enemy was made. Vehicles were heard and slight shelling occurred, however no casualties resulted. According to PW information, they had withdrawn 6 Km. -- information was passed to Bde and the Brigadier visited us around 1120 hrs. and we were ordered to move forward. Our CO issued his orders at 1230 hrs. and our leading elements started to move at 1335 hrs. During the morning our bag of prisoners amounted to 14. At 1600 hrs. in the afternoon all Companies were on their objectives and had met very little opposition. Around 1650 hrs. the CO and the IO were able to visit all Coys.	Rwm

VERWOLDE FOREST Ref HOLTEN SHEET 3704 1:25000	7 Apr 45		During the night Lieut MC CULLOUGH and Lieut RICHARDSON led patrols but no contact was made with the enemy. At 1130 hrs. an "A" Recce party left under the 2 IC to recce new concentration area N.E. edge of VERWOLD. At 1300 hrs. the CO passed his instructions to each unit Commander and at 1400 hrs. TAC HQ moved off. Around 1700 hrs. our CO went to visit the Brigadier where he received further news of operations.. During the night the 8th Recce reported the road between the Canal and the River VALKSHEE was clear. TAC HQ was now situated in a farmhouse 095017 Additional information was supplied by our own patrols who stated the river was 25 feet across and had steep sides and that all the bridges were blown.	APPX III RWM
VERWOLDE (N of TWENTHE CANAL) Ref BATHMEN SHEET 3704	8 Apr 45		The weather was clear and cool and an uneventful morning was passed. At 1230 hrs. an "O" Group was held at Bde at 1500 hrs. a Bde "O" Group. We heard from 8th Recce that 100 enemy were in our line of march. We were to have 1 Sqn. of tanks in support of our D Coy which was leading. Other Coys to travel in Kangaroos. Everything was ready to move at 1700 hrs. but Bde changed the time of movement. Move did not actually take place till 0630 the following morning.	APPX II RWM
NIJVERDAL (N of TWENTHE CANAL) Ref NIJVERDAL SHEET 3604 1:25000	9 Apr 45		Moved off early in the morning and the weather was fine. With the wooded heights overlooking NIJVERDAL, the Essex went up the left, the RHLI on the right and the RRC following the RHLI. Slow but steady progress was made by both columns up their prospective axis. Trying to bypass strong opposition (in accordance with our orders) our column veered off to the left continuing a forward advance. At various times both the RHLI and ourselves had our columns checked by tanks and carriers so as to make certain we did not deviate too far off our course. At one stage our Inf debussed to carry out a movement on an enemy A/TK gun. Many POW's were taken by ourselves and the RHLI and these were sent down the highway past our long column of vehicles. No escort was necessary as the tanks were sufficient to keep them moving. At one point we missed capturing Regt 41 HQ by the matter of 20 minutes, having to content ourselves with one HQ straggler and 3 RHQ telephones. Towards dusk we arrived at our objective -- all Coys in position. Two Coys along road to NIJVERDAL and TAC in a clearing in the woods. The buildings in the clearing were part of a Dutch evacuee camp for bombed out families. A strong recce patrol was immediately sent into NIJVERDAL to feel out the situation there. No enemy were	APPX II & I RWM

			found and they received a rousing reception from the people. The patrol went through the town and made contact with the 4 Amoured Car Regt. Taking no time to celebrate our victory we pushed on beyond the strategic Railway position, so a good position could be handed over to the relieving Regiment, the QOCH.	RWM
At: Park 1813 NIJVERDAL SHEET 1:25000	10 Apr 45		During the night the QOCH commenced moving in to our positions. Bn started moving off to new objectives on high ground dominated by a so called "Park 1813". During this move we crossed the OVERIJSSELSCH CANAL in assault boats. TAC vehicles then crossed the bridge. Without any opposition whatsoever, we took over Park 1813 which had formerly been a German strong point and HQ. This operation was unique in two ways. First no casualties and secondly TAC HQ beat all Coys to the objective.	RWM
PARK 1813 Ref LEMELERVELD 3504 1:25000	11 Apr 45		The day began with a beautiful dawn and the arrangements were made by all to have sunbaths. However the war was not over and at 1330 hrs. a balls was called at Bde. At 1430 a platoon of carriers and one A/TK gun left to clear South West of OMME (Omme Sheet 1:25000) No enemy found in the woods. Reluctantly we left Park 1813 at 1913 hrs. to a Bn concentration area in HOOGEVAN, a town of canals and bridges which were all blown by retreating enemy.	APPX I & V RWM
OUTSIDE ASSEN Ref HOOGEVAN SHEET 1:25000	12		O group was called at which Div. gave ovjective as GRONINGEN with and intermediate Bde objective, ASSEN. Move commenced at 1120 hrs. in TCV's and we arrived at ZWIGGELTE at 1315 hrs. There an O Group was called immediately. We were now situated approximately 3000 yds from ORANJE KANAAL. Our leading Coy, 'B' Coy, came under small arms fire and it was soon noted the road was heavily mined. Pioneers were called on. Two Jeeps carrying pioneers followed a tank up the highway. The tank was hit by a bazooka setting fire also to the pioneer jeeps and the ammunition and explosives in the Jeeps wounded Mr. SHEPPARD and eight pioneers. In the ensuing advances several skirmishes were fought by our Coys and from POW's taken many conflicting reports came to us about the strength of the enemy in the town. Late that night the Engineers, covered by our Rifle Coy's fire removed debris and fixed a necessary bridge and checked for mines. Our Rifle Coys dug in at the outskirts and just inside of the town. ASSEN Ref ASSEN SHEET 3005 1:25000	13 Apr 45		The woods on either side of the road were cleared and at 0500 hrs. our 'B' Coy was ready to spearhead the attack. Small battles took place as houses were cleared. Many POW's were taken. Fairly early in the morning the centre of the town was reached and our Coy consolidated. Our casualties were very light. Our Bn. was accustomed to warm welcomes by liberated Dutch towns but the tumultuous reception given by the people of ASSEN outdid everything previously experienced. Even with small arms fire flying dangerously near, the happy citizens could not be restrained from rushing about tossing flowers at our vehicles and serving refreshments to our men. TAC was set up in the sumptuous town hall which was situated close to the town jail. The latter was the scene of many heart-rendering and dramatic episodes. First the moving scene as the gates bust open releasing 300 Dutch prisoners to the waiting arms of their friends. Later the same jail was host to the previous jailers as hundreds of German prisoners were temporarily billeted there for questioning. The full cycle of justice was reached when Dutch collaborators and informers were paraded through the crowds to ponder over their treason in the relative security of the very jail to which they had sent many patriotic Dutchman. No honest Dutchman shed a tear of sympathy that day. No Canadian, participating now as a spectator, could feel anything but pride for the part his country and Regiment had played in once more enthroning decency and justice in the fair city of ASSEN. But the war was not yet over. Ahead of us lay the largest city in North HOLLAND, GRONINGEN But to give the enemy no reprieve or rest, the order of the day was, "On to GRONINGEN!" At 1700 hrs. the Bn. moved off and 2 hours later TAC was already established at the TWEE PROVINCIEN HOTEL" at PATERSWOLD, 7Km south of GRONINGEN The plan was that during the night the RHLI would feel out the enemy in the Southwest sector of GRONINGEN. We were to move through the RRC, established just South of GRONINGEN, and take the first streets of the city and reach the Canal.	RWM
GRONINGEN Ref GRONINGEN SHEET 2705 1:25000	14 Apr 45		During the night the RHLI made slow progress and our Coys were on 1 hours notice to move. At 0600 hrs. a meeting at Bde. and at 0800 hrs. an "O" Group at our own TAC where the detailed plans of the advance were laid down by the CO. The Royals hampered by many demolitions and road blocks made very slow progress and it was not	APPX III RWM

			until 1030 hrs. that we started our move through them with A Coy leading . By 1320 hrs. A Coy had left the Royals position far behind and were approaching the bridge at the outskirts of the town while coming ~~under~~ constantly under sniper fire. At 1415 hrs. A & C Coys had both crossed this bridge, C Coy then swinging Southwest to clear the wood s and enemy barracks there. A Coy proceeded into the first streets of the city up to the Canal at which point they came under heavy MG and 20 mm fire. At 1640 hrs. D Coy moved up through A Coy and took up a position on A Coy's right flank. Shortly thereafter B Coy moved up on A Coy's left flank. Once section of our A Coy platoon made a valiant effort to cross the canal by the only open bridge under murderous fire. Two men actually reached the other side but were mowed down before they could find cover. The daring attempt to cross by foot was defeated but the attempt proved that the bridge was not prepared for demolition and was capable of carrying vehicles. Although our Bn's and Bde's original objective had been the South side of the Canal we were given the honor and responsibility of making the first crossing into the city proper. Late that evening A Coy in Kangaroos sped across the bridge and the open spaces there and took up firm positions in houses dominating the bridge. In the meantime, C Coy had cleared the woods and taken 13 POW's while isolating another large enemy group. The position then was that the rear approaches to the city were protected by C Coy; B & D Coys held that section of the city leading to and covering the bridge across the ca nal; while A Coy was firmly established in a bridgehead across the canal. Our Bde & Bn had every reason to be proud of the springboard we supplied to 6 Bde who administered the Coup-de-Grace to the German forces in GRONINGEN.	RWM
GRONINGEN Ref GRONINGEN SHEET 2705 1:25000	15 Apr 45		During the early morning hrs. the FMR's were to relieve our A Coy and by 0320 hrs. this was completed. C Coy took 23 POW's from the German barracks which had been subjected to heavy artillery fire earlier in the day. At 1030 hrs. our C Coy captured a German Military Prison and 210 POW's were taken. The prison was used later for Dutch collaborators and informers. O Group was called for 1100 hrs. and C Coy was to move to Conc. woods MR233125 on the flank of 6th Bde HQ. Upon moving to new location, C Coy came under small arms fire from the power plant which POW's claimed contained approximately 300 enemy with S.S. Officers. Our mortars	APPX II RWM

GRONINGEN Ref GRONINGEN SHEET 2705 1:25000	16 Apr 45		During the night several POW's were taken by C Coy and by 0600 hrs. the enemy in the power plant surrendered to a section of the mortars. These consisted of one Col., 1 Lt-Col., 9 other officers and approximately 110 other ranks. No great damage was done to the Power Plant and the manager requested our Engineers to visit the Plant by 1100 hrs. By 1300 hrs. GRONINGEN had been surrendered by its Commander although fighting was still going on in parts of the town. C Coy moved into previous German Garrison Area and left a guard on at the Power Plant.	Rwm
OUTSKIRTS OF GRONINGEN Ref GRONINGEN SHEET 2705	17 Apr 45		A quiet restful day was spent and a royal time was had by all. At 1800 hrs an O Group was called and an O Group at 2200 hrs. CO's orders regarding our move back into Germany were: we are to move to an area SW of BREMEN to protect the flank of the 30th Corps. 4th Cdn. Arm'd Div will be on our left. We pass through 43 Br Div the morning of the 20th and will contact the enemy. We must be alert for German civilians carrying weapons and shoot all armed ones. We are to be armed at all times. FALKENBERG Ref: KIRCHHATTEN SHEET 1:25,000	1 MAY 45		Early in the morning a Patrol from B Coy reached MR375075 when it was fired on by the enemy. One enemy was wounded but all escaped. The day was a clear, bright one and patrols went out at intervals to try to establish enemy locations. A civilian report to out Scout Platoon indicated they had pulled out at 2000 hrs last night. An O Group at Bde was followed by one at Bn HQ. The chief delay in the Bde advance has been poor roads and obstacles on those that are passable. An attack was laid on for B Coy but it was called off because of the failure of the RHLI to get along through the obstacles on the main BREMEN-OLDENBURG road. C Coy moved a few hundred yards west along the Railway tracks but otherwise there was no change in the Battalion position. In the afternoon Capt. Cardy held a service for Capt. Grandjean and for one OR who was killed in Lieut Smith's vehicle the day before. DF tasks for the Arty and contact patrols went on through the night.	RWM
Lv: FALKENBURG Ref: KIRCHHATTEN SHEET 1:25,000 Arr: OSTENBURG E. Ref: OLDENBURG SHEET 1:25,000	2 MAY 45		Lt Schumnah and one OR of 2 Pl 3 Coy 22 Regt were brought in at 0820 hrs for questionning and the officer's opinion was that Oldenburg would be defended. B Coy did the attack which had been planned for yesterday afternoon at 1030 hrs and had no difficulty in moving in. A visit from the B.M. resulted in Orders to move the remaining Coys one at a time along our general axis. C Coy moved at 1250 hrs and arrived on its objective and added another 1000 yards for good measure. A and D Coy's completed their gains successfully and B Coy made another move so that the Bn eventually faced up to the Canal which runs East from Oldenburg. TAC HQ moved up into a Nazi Schoolmaster's home and as arrangements were made to settle down for the night word came from Bde to try to move a Coy across the canal by means of any AVAILABLE EXPEDIENTS. About this time, a report was received from C Coy that a large body of enemy wished to surrender in the area of a hospital to the Northeast. A visit by the CO to Bde brought information that the RHLI were negotiating with the Burgomaster for the surrender of Oldenburg who guaranteed all troops were out of the city. The rest of the night was spent in dealing with 9 Officers and 351 Hungarian PWS who surrendered to Major S B Macdonald who went out under a flag of truce to accept their surrender. With this good nights work, it appeared that all resistance south of the canal had ceased. The only fighting of the day was done by B Coy. They shot up some enemy dugouts with 30 rounds of 6 pounder AP from a distance of 1100 yds just at sundown.	RWM.

Lv: OOSTENBURG E. Arr: OLDENBURG Ref: OLDENBURG SHEET 1:25,000	3 MAY 45		On a day of fine weather, the Bn moved on foot into Oldenburg. Information obtained from Bde at 0930 hrs was passed to the Bn O Group at 1100 hrs. The entry into Oldenburg was made over a damaged railway bridge which was passable to foot traffic only. The move was uneventful and an area in the NE outskirts of the city was occupied without any contact having been made with the enemy. Engineers repaired a civilian bridge during the day and by the evening all the Bn vehicles (except B Echelon) had arrived up in the Bn area. Our chief task was control of the roads, checking on civilian traffic and containing the occupants of a Displaced Personnel Camp. TAC HQ obtained very comfortable accommodation in a hotel.	RWM
Lv: OLDENBURG Arr: Near RASTEDE Ref: RASTEDE SHEET 1:25,000	4 MAY 45		The day was a miserable, wet one and our hopes of a day's rest were cut short by a visit from an LO with orders to move near Rastede to occupy some high wooded ground. Recce parties left at 1230 hrs and the move for Coys started on foot at 1300 hrs. Whether or not the enemy was in our new area was not known but a search on arrival found no trace of him and the chief operational task was to find reasonable accommodation for the troops. One platoon of B Coy under Lieut RICHARDSON was left behind to guard the DP Camp. The chief and most exciting news of the day was from the 2100 hr BBC broadcast "General Capitulation of all Enemy forces on the 21 Army Group front." For many the news was hard to realize but official confirmation came from a Bde O Group at 2130 hrs. The company commanders met in the CO's office at 2315 to hear the terms of the surrender and drink a toast to the end of hostilities for the Regiment. It was a proud moment and the work of the many who were not present to share this hour was not forgotten.	RWM
Near RASTEDE Ref: RASTEDE SHEET 1:25,000	5 MAY 45		The surrender of the enemy became official at 0800 hrs at which time all of our own weapons were unloaded. During the day a few stragglers and deserters wandered into our lines but the main force of the enemy was out of contact with our Division. The chief work to be done was to gather instructions on behavior and probable roles now that the fighting had stopped and there was much speculation on the future of the Unit and how soon each man would get home. At 1000 hrs the CO returned from hospital to take over the command again. It was regretful that he missed the final hours of the struggle but the acting CO, Major KW MAC INTYRE, one of the original officers of the Unit and the only one now present was a most	RWM

			fitting Commander to bring the Battalion through its last operational duties and issue the orders to "Cease Fire"	RWM
Near RASTEDE Ref: RASTEDE SHEET 1:25,000	6 MAY 45		The weather was cloudy with occasional rain and the formal Church Parade for 1000 hrs was held in modified form in the Barn of the Estate TAC HQ was occupying. Captain Cardy expressed in prayer the thoughts that were uppermost in each man's mind. Recce parties left to look at the general area south of Oldenburg but definite orders for the move were not available. The pipe band re-instituted the Regimental custom of playing retreat at 1730 hrs when the guard was mounted and there was no need to urge the Guard to perform so as to impress the German civilians.	RWM
Near RASTEDE Ref: RASTEDE SHEET 1:25,000	7 MAY 45		It was a beautiful sunny morning and the CO personnally inspected a parade of BHQ personnel. Recce parties went out again, under the 2 i/c this time, to an area around Huntlosen. In the evening timings for the move were received and an O Group at 2015 hrs heard the news that 8 May 45 was announced as Victory in Europe Day and got instructions for the move the following morning. The move was to be done with tpt from 4th Field Regt. B Coys Platoon returned to the Battalion from its tour of duty on the Dis P Camp and, if possible, spirits were higher because of the news that the German Reich was Kaput on all fronts.	RWM
Lv: RASTEDE Arr: HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	8 MAY 45		The move to the Battalion's first policing area was done on a fine sunny day. An advance recce party with the CO and 2 i/c left at 0845 hrs and the Battalion column led by BHQ crossed its Start Point at 0950 hrs. The move through Oldenburg to Huntlosen was in the nature of a Victory Parade -- without, of course, any of the cheering crowds that normally go with such affairs. On arrival in Huntlosen, arrangements were completed for a Battalion Ceremonial Parade. By 1600 the whole Battalion was formed up in mass in a grassy meadow and turned over by the 2 i/c to the CO. A short ceremony including the reading by the CO of messages from the Army, Corps, and Div Commanders and a prayer by the Padre followed. The pipe band played the Battalion past a saluting base for review by the CO and the turn out of all ranks was very impressive. The process of cleaning up equipment and weapons had been done very quickly and although most of the faces were new ones, the Regiment was a solid group of veterans who knew what they had accomplished in the past months and	RWM

			were proud of their record. In the afternoon, B Echelon joined the main body of the Battalion for the first time since Bonheiden, Belgium (November 44) and the whole Battalion family was complete. TAC HQ was established in "Hans Schmidt's Guest House and for the first time on the Continent a Bn. Officers Mess was set up. The Sergeants found a building suitable for a similar purpose for themselves and the whole Bn generally got down to the business of smartening up and enjoying life again.	Rwm
At:HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	9 MAY 45		The 9th was another warm bright day. The Pioneers set out on the job of clearing known mined areas and checking roads in the vicinity. The rest of the Bn went to work to prepare for a tour of duty as Duty Bn in Oldenburg. At this time the extent of the task was not known. Our chief troubles were numerous petty civilian complaints which as occupiers of the area we had fallen heir to. In the afternoon a Guard Duties Programme was obtained by Capt. D J HUNDEN (detailed to be in charge of the Oldenburg Guard), and it was evident that most of the Rifle Coy strength would be involved on the task. At 1430 the Brigadier visited the area and was quite pleased at the efforts which had been made for the men's comfort and recreation. The sports committee laid plans for an active program and the YMCA produced a movie.	Rwm
At:HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	10 MAY 45		All Battalion officers went into Oldenburg for a conference with the GOC. The weather was fine and the opportunity of talking to friends from other Units was taken advantage of. The general policy of demobilization and reallocation was referred to and feelings became optimistic about the return of personnel to Canada with hopes that the Unit might return as a body. The CO left on Privilege Leave for Paris and the Bn was again under the Command of Major KW MAC INTYRE. Administration and maintenance of vehicles obtained a high priority. During the night orders were received to increase our Guard Responsibilities by sending a Platoon to the Submarine Training School at Brake on the Weser Estuary. D Coy was detailed to perform the job.	Rwm
At:HUNTLOSEN Ref:	11 MAY		The weather continued fine and the Bn Guard moved into Oldenburg to guard bridges, important buildings and other installations and to mount a guard at	Rwm.

Ref: GROSSENKNETEN SHEET 1:25,000			Divisional HQ. Lt BERTHIAUME's Platoon from D Coy was released from the Brake Guard on the arrival of Military Government authorities. The pioneers found many mines and a warning was issued to all ranks to stay on known, cleared routes. With the greater part of the Bn involved in Guard duties there was very little Regimental activity and SP Coy spent the day rehearsing a guard for a ceremonial Guard change in the town square in Oldenburg. This was performed for the GOC at 1900 hours with the Pipe Band adding much to the splendour of the occasion. The Pipe Band moved into Oldenburg and played concerts during the day and played Retreat at Div HQ in addition to playing for the changing of the Guard.	RWM
At: HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	12 MAY 45		Another warm, lazy, uneventful day. A Change in plans for the Brigade was reflected in orders to us to extend our duties until 15 May. An additional guard for an ammunition dump was ordered and Lieut D G MAC MILLAN was sent in to Oldenburg in the evening to make the necessary arrangements and receive instructions from Military Gov't. Local policing duties are in the hands of the R.P. who make tours of the Bn area at irregular times and of SP Coy who send carrier patrols throughout the area of responsibility alloted to the Unit. The Acting CO and the Adjt attended the Guard Changing ceremony in Oldenburg.	RWM
At: HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	13 MAY 45		The weather was cool but still clear. Work began under the supervision of the A/ 2i/c Major D W MC INTYRE to construct small arms ranges in the Bn area. The Mortar platoon did some live firing training -- the first we had heard since the war ended. More reports were received on mines from the Pioneers and civilians were used to guide them to mined areas. Incidents of offences by Displaced Personnel against civilians were referred to Brigade HQ and the unit was authorized to deal with them. Patrols from SP Coy with the I Sgt attempted to find the perpetrators but no information was readily obtainable. Further changes in guard duties were advised to the effect that some other unit would relieve us at 1900 hrs 14 May but that we would be required to supply one officer for the balance of the Brigade tour of duty. At: HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	14 MAY 45		The 14th was a sunny cool day; work continued in the Bn area on the ranges and on the painting of vehicles. A further change in guard duties was advised to the effect that the Royals would relieve us at 1900 hrs 15 May 45 but that 2 platoons would be required for duties now being performed by the Royals. An investigation was made by Lt. MC CULLOUGH of the control in force at the DP camp in our area and after reference to Bde., SP Coy was instructed to place a guard on the camp to ensure that the curfew restrictions are observed and that no unauthorized persons enter or leave the camp. Allegations are still being received from civilians to the effect that armed parties leave the camp at night and raid farms in the surrounding district No weapons were found in the DP camp area, however.	RWM
At: HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	15 MAY 45		The weather continued fine. The paper war continued with surveys of all personnel in the Bn by Military Districts with a supplementary survey to indicate preference as to which MD is desired for demobilization. Forms were received for the completion of a questionnaire for the reallocation of troops to a) Canadian Far East Force b) Occupational Force c) Demobilization. The guard continued on in Oldenburg with final instructions to the effect that the relief would be completed by 4 Div by 1800 hrs 16 May. The CO returned, recalled from his leave, with the information that he was accepting an appointment as Colonel (GS) MD 6 and would leave the unit on the 17th. Major KW MAC INTYRE attended a conference at Bde at which the occupational role of 4 Bde was detailed and a move order laid on for the Unit to proceed to the Essens sector on 17 May.	RWM
At: HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000	16 MAY		The weather was bright, clear and cool. An O Group assembled at 0900 hrs with "A" Recce parties standing by to move immediately afterwards. The move to Strackhalt was laid on by Major KW MAC INTYRE and the Recce parties set out to find accommodation for the Unit which was momentarily committed to a reserve role south of the Ems-Jade Canal. The relief of the Bn Guard by the Lincoln & Welland Regt was completed on schedule and a Guard Mounting Ceremony was laid on in the Bn area for the benefit of the CO and the guests of the Bn officers at their mess dinner. The performance of the same well drilled Oldenburg Guard took place at the main intersection in Huntlosen and was witnessed by Brigadier CABEIDU, Lt-Col PW BENNETT and all the Essex Scot Officers at Corps, Div and Bde. Lr: HUNTLOSEN Ref: GROSSENKNETEN SHEET 1:25,000 Ar: STRACKHOLT Ref: WESEL SHEET 1:25,000	17 MAY 45		The weather was cloudy and cool and during the afternoon a thunderstorm cleared the area and settled the dust that had blown over everything from the sandy farm lands. At 0830 hrs the CO left the unit on his way to an Investiture Ceremony at which he is to receive the award of the DSO from the hands of His Majesty the King, before returning to his new appointment in Canada. Two pipers played him out of the Battalion lines and in every heart there was pride mixed with regret. The pipe band left shortly afterwards for a tour with the massed Bands of the 1st Canadian Army of the Hague, Amsterdam and Rotterdam. At 0900 hrs the Battalion column crossed its Start Point for Strackholt and arrived in the new area at 1400 hrs. The task in the area is one of general police duty with orders to keep all German troops North of the Ems-Jade Canal where they will be concentrated. The battalion is stretched out about seven miles with the great problem one of communications. Sgt "Jack" VOSSENAAR, who was wounded when Capt GRANDJEAN was killed returned from hospital -- welcome in more ways than one in view of the many dealings the Unit now has with German civilians. Orders were received to place a guard on an improvised bridge to C Coys front on the morning of the 18th.	Room
At:STRACKHOLT Ref: WIESEDE SHEET 1:25,000	18 MAY 45		Although to-day was very clear and sunny, it was rather cool. The morning was spent chiefly in getting settled in our new position. To-day also saw the break up once more of the Scout platoon. It had been reformed on our return to Germany after leaving Groningen, Holland. It had proved of great use while we were in action, but with our present role, it was used only for guards, so was broken up, and the men returned to their previous companies. Mr. NIXON, the platoon commander, and two of his NCO's have gone to Bde to form a Bde Sports Staff The CO and IO visited the company localities to-day, and found everything in tip-top shape. 'C' Coy are under canvas in the flower gardens of a huge farm. They have an ideal set-up for the company.	Room.

			At 1630 hrs the CO and IO attended the Brigadier's O Group. An O Group was held here at TAC to plan the sweeping of our area of responsibility in the Esens Sector. We are to sweep the area from the road junction of Ogenbergen to Wittmuad, north to the North Sea in a search for mines, amn and weapon dumps, DP, factories, airfields etc. The area was divided into 5 sections each to be searched by a section of carriers and 20 riflemen.	Rwm
At: STRACKHOLT Ref: WIESEDE SHEET 1:25,000	19 MAY 45		Again to-day the weather was very fine -- sunny and clear, but a little cool. The sweeping parties got away to an early start in searching our area. The CO and 2 i/c also went to the area and covered most of it. It did not appear to contain much in the way of ammunition or weapon stores. During the afternoon several German PW's were picked up in our area. It appears that they came south across the Jade-Ems Canal, in the vicinity of Aurich. They were questioned and returned to their own side of the canal. The sweeping parties returned around 1700 hrs. They reported that the area had already been swept by our own tps. They did find, however, weapons, amn, and bombs in small quantities.	Rwm
At:STRACKHOLT Ref: WIESEDE SHEET 1:25,000	20 MAY 45		Today the weather is once again fine but cool. The sweeping parties left at 0900 hrs to cover the remainder of the area. RC church parade was held at 0930 hrs and Protestant church parade at 1100 hrs. At 1130 hrs the CO was called to meet Brig CABEILDU at Neuenberg. The 2 i/c and Sgt VOSSENAAR went and found that the Brigadier had called them to look over the area for accommodation in the event of a possible move. Later this afternoon the 2 i/c and Capt COHEN, the QM, returned to Neuenberg to make a more thorough search. The sweeping parties again return around 1700 hrs. They reported having cleared to the sea. To-day they again found arms and amn in small quantities, but one group encountered the Gerricke Regt commanded by Col GERRICKE.	Rwm
At:STRACKHOLT Ref: WIESEDE SHEET 1:25,000	21 MAY 45		To-day has been a rainy miserable day, so it is time for the Essex Scottish to move again. Major Doug MC INTYRE, the Padre and Lt Sam FIDLER, who is the acting-Unit Educational Officer, attended a meeting at Div on the educational programme for the next few months. To-morrow we move again. We will then be in the Neuenberg area. It is reported as being a residential rather than farming district.	RWM
Lv:STRACKHOLT Ref: WIESEDE SHEET 1:25,000 Ar:NEUENBERG Ref: NEUENBERG SHEET 1:25,000	22 MAY 45		Despite yesterday's ominous weather, to-day was bright and mild -- a perfect day for a move. We left Strackholt and crossed the start-point at 0930 hrs arriving at Neuenberg at 1030 hrs. Everyone seems well satisfied with the new area; all Coys are close together and central officers and sergeants' Messes have been set up. The YMCA has obtained a good building for movies and concerts. A meeting of the officers was called for 1400 hrs. At this meeting various points were discussed, including dress, sports and the educational programme. At 1600 hrs there was a Bn parade held on SP Coy parade ground. A PA system had been set up so that we could hear the announcement over the BBC of the award of the VC to Major FRED TILSTON, ex-adjutant and C Coy Commander of the Essex Scottish. Unfortunately the news was not announced until a later broadcast. The CO, Major KW MAC INTYRE, gave the good news to the battalion. We all feel truly proud that Major TILSTON, being of the Essex Scottish, has won this highest of all awards, which he certainly earned by his bravery and leadership in the Hochwald on March the first. At 1845 hrs we received a message from Bde to post a guard at what was supposedly a PW cage at the Marx airfield. On investigation we found it to be a DP/PWX evacuation centre. Everything was completely under control and the trouble with the inmates occurred yesterday. At the same time we got some information on two huge storage dumps in the forest Schweinboueker Fuhrenkampe -- one was the dump for the airfield at Marx, and thecother a dump of marine mines. Major MAC DONALD was ordered to make a complete survey of all the dumps he is guarding excluding those in the Schweinboueker Fuhrenkampe. He will be going out at 0900 hrs to-morrow with his own coy offrs and three additional offrs and the pioneer sgt.	RWM

At: NEUENBERG Ref: NEUENBERG SHEET 1:25,000	23 MAY 45		To-day we thought we were in for an all day rain, but the weather changed and it turned out to be very fine. Early this morning Capt MOFFATT found some German explosives and detonators in the basement of the Officers' Mess. At first it was thought that there might be a werewolf in the district, but on investigation found that the house had been occupied by a German Army Pioneer Officer and that he left some of his stores behind. The CO and Adjt went to Oldenburg this afternoon and report that there is an excellent officers Club in existence there. All the officers are now anxious to take messages, etc. to Oldenburg. To-night marked the opening of the Y with the showing of "And Now Tomorrow" We expect to have movies every evening from now on.	Room
At: NEUENBERG Ref: NEUENBERG SHEET	24 MAY 45		To-day was another dreary wet day with only an occasional bit of sun. We can only hope that we soon get another stretch of good weather like the one we had at Huntlosen. To-day Brig CABEIDU visited the regiment informally. Major K W MAC INTYRE returned and an O Group was held. Dress, Sports, Parades and saluting were the chief topics discussed. At the same time we heard that Gen CRERAR would be visiting us on the 25th. Most of our time is being spent just now on guards, sports, and basic training. On the whole the men of this unit are responding well to the improvement in appearance and smartness on parade required of them since the "Cease-Fire." Everyone however is anxiously awaiting the day when we leave Germany and especially our return to Canada.	Room
At: NEUENBERG Ref: NEUENBERG SHEET 1:25,000	25 MAY 45		Although to-day's weather did not look very promising early this morning, it did not rain much and we had a reasonable amount of sunshine. The first of the daily battalion parades that we are to have was held to-day in support Coy parade ground. We are to be inspected by Bde inspecting team on Jun 2nd, so we will have to get accustomed to daily parades, if the Essex Scottish are to make as fine a show on the parade ground as they did on the battle-field. As was expected, General CRERAR visited the unit this morning, and chatted informally with the CO, 2 i/c and Adjt for about an hour.	Room

At:NEUENBERG Ref: NEUENBERG SHEET 1:25,000	26 MAY 45		Once again the day dawned cool and cloudy. The day's work started with a Bn parade on SP Coy parade ground, and a parade through town where the CO took the salute. The companies are continuing training particularly on drill and smartening with a very fair proportion of sports. In the evening we were told by Bde to go to Zetel to pick up some Russian PWX who were out of their camp and wandering around Zetel. We went first of all to check up with the OC of the Mil Govt Det and found that the PWX are not restricted to any area, so we realized we could not very well pick them up. When we informed Bde of the circumstances the whole thing was forgotten. We have also been informed by Bde that 2 Div Arty is taking over the guard on several of our guard posts. This will mean a lot less trouble for the Coy supplying the guard, since it was a thirty-five mile trip to go to all the posts. At about 2300 hrs a warning order came in that the Corps Commander will be inspecting the Bde on the afternoon of 29th May.	Room
At: NEUENBERG Ref: NEUENBERG SHEET 1:25,000	27 MAy 45		The weather has not warmed up yet, but to-day it is very clear, and so that may be an indication. We were pleased to start the day with the news that two more of our guards were to be taken off, so that now we have only seven posts to guard. Church parades were held this morning. The Padre of the RRC took the Protestant Church Parade in the absence of Capt CARDY who is away on duty. The RC Parade was taken by the Padre from Bde. Lt-Col McCORKELL, CO of the 2nd Bn., Essex Scottish Regt., who is in Europe for the purpose of getting the soldiers' votes in the coming election, paid this unit a visit on Sunday. All his old friends were happy to see him. At 2100 hrs a CO's conference was held at Bde. The chief topic was the Corps Commander's inspection. Other points discussed were our responsibilities in the area North of the Jade-Ems Canal, and the plan for the break up of the German Army.	Room
At:NEUENBERG Ref:	28 MAY		Yesterday's promise of better weather did not hold true, because this morning it was raining cats and dogs. Even the daily Bn Parade was called off.	Room

NEUENBERG SHEET 1:25,000			A meeting of Coy Commanders was held to discuss the methods to be used on the Corps Commander's inspection. A parade was called for 1430 hrs as a practice for the unit. We think that we can put approximately 700 men out for the parade. Some of the men of this unit went to Aurich to see a show called "Take Notice" held at 2 Div Garrison Theatre.	Room
At: NEUENBERG Ref: NEUENBERG SHEET 1:25,000	29 MAY 45		The weather to-day was just about perfect for the Corps Commander's inspection. The battalion formed up here shortly after eight o'clock, and arrived at the air port where the parade was to be held at about ten o'clock. We rehearsed the movements to take place in the afternoon until twelve-thirty. The final parade was formed up at two o'clock. At that point it was very hot and since we had to stand at attention or at ease for a long time, it was not very pleasant for us. The Corps Commander however seemed well pleased with everything. Neutral observers informed us that the Essex Scottish showed up very well in the march-past so we were pleased too.	Room
NEUENBERG Ref: NEUENBERG SHEET 1:25,000	30 MAY 45		Apparently the weatherman is working with the Higher Command in alloting good weather for days when we have an inspection, because to-day has been cool and cloudy with occasional showers. Bn parade was held as usual on Support Coy parade ground. The CO inspected a couple of companies. Support Coy sent out their carriers on a show of force in the Ems Sector North of the Jade-Ems canal. They covered the area and saw nothing out of the ordinary. Arrangements were made for taking over the guards of the RHLI on the 31st for twenty-four hours so that they have all their men in for the Brigadier's inspection which takes place on the 1st.	Room
At: NEUENBERG Ref: NEUENBERG SHEET 1:25,000	31 MAY 45		Another cool, cloudy, rainy day when nothing of any interest occurred. There was the usual Bn parade and inspection at 0845 hrs and a muster parade at 1100 hrs. A Coy sent guards out to relieve the RHLI and later we found that they had not warned us of one guard so in the evening we sent out another section for the	Room

He said good-bye to the unit at morning parade and presented the flag, which had been used at the burial of our fallen comrades, to the CO. A very sincere "Three Cheers" was given by the men and officers who are sorry to see the very popular padre leave us.	KWM.

At:NEUENBURG Ref: NEUENBURG SHEET 1:25,000	1 JUN 45		To-day has been a very uneventful day once more. The usual parades and training were carried out. At 1500 hrs there was a rehearsal of the inspection which takes place to-morrow. Everything seems to be in tip-top shape. The weather to-day has been perfect for an inspection -- very bright and sunny with a gentle breeze.	RWM
At: NEUENBURG	2 JUN 45		Once again the weatherman was on our side. Early this morning it did not look very promising but for the latter part of the morning, it was very fine. The parade formed up at approximately 0700 hrs and moved out to the Marx Airfield where the inspection was to be held. The unit transport was lined up, and looked very smart in its new coat of paint. It was inspected by Brigadier Cabeldu and by a team of inspecting officers. The troops were formed up in mass and practised the march-past in close column of platoons and column of route before the arrival of the inspecting teams and Brigadier Cabeldu. At 0900 the Brigadier arrived and we marched past in the various formations. Then we were again formed up in mass and inspected by the Brigadier and the team of inspecting officers. Everyone seemed well-pleased with the appearance of the troops. We are now awaiting word on the results of the inspection, which was placed on a competitive basis for the three Bns of the Bde. The Brigadier and his inspecting teams had lunch here at the officers' mess and after a short inspection of the unit offices and stores, returned to Bde HQ. So ended one more inspection -- leaving the Div Comd's inspection yet to come.	RWM.
At: NEUENBURG	3 JUN 45		Another bright sunny day -- and since it is Sunday a day of rest or so we thought, but a parade was called for at 1315 hrs for the Bde Sports Meet which was held on the Marx Airfield. Our teams showed up very well, but were edged out by the RHLI.	RWM.
At: NEUENBURG	4 JUN 45		A group of fourteen men under Major Hodges left this morning to take a tour by air over Germany to-day. They had a bright clear day for the trip and everyone enjoyed it very much.	RWM.

			Last night a group of Royal Naval officers visited some of our guards and were not saluted and we were blasted from way high up, so we checked all guards, and increased some and removed our guards from the PWX camp and from another spot where the stores we were guarding had been removed. Big plans are being made for a regimental party to be held on Support Coy parade ground on the night of the 5th. Capt Ryan has arranged the entertainment.	Room
At:NEUENBURG	5 JUN 45		Another unsettled breezy day. A Coy made a tour of the Wilhelmshaven docks this afternoon. The tour proved very interesting and instructive, as most of the boys had never seen any units of the German Navy before. Lt-Col P.J. Jasperson who took the Bn to Dieppe in 1942 arrived to-day for a short visit. In the evening the regimental party was held which turned out to be a big success. The entertainment, foods and drinks were good and plentiful. The Pioneers platoon are to be commended on the fine job they did of constructing and decorating the very modernistic bars, hot dog stands and a very fine stage. Visitors attending the party included Brig Cabeldu, Lt-Col Bennett, Col. Warnica (former CO 30th Recce) and Col Jasperson.	Room
At: NEUENBURG	6 JUN 45		The weather is still very unsettled. Our first draft of volunteers for the Far East left this morning. The Officers leaving were Capt G.E. Ryan, A/Capt K.E. Moffatt and Lieut. D.G. Munro. Everyone seemed to be very happy to be on the move again. A token force of four officers and forty four OR's left for Westende to-day. An officers mess dinner was held to-night in honor of Lt-Col Jasperson. The highlight of the dinner was Col Jasperson's response to a toast, "To the Essex Scottish." After dinner the Officers' volley ball team played and defeated an Officers' team from the 26th Bty 4 Cdn Field Regt.	See attached appendix Room
At: NEUENBURG	7 JUN 45		The weather remains the same -- not good. Another Far East draft left this morning. Lieut G.V. Derrick, Lieut. Berthiaume and Lieut L.F. Fitzgerald were the onlyyofficers on the draft. A/Capt S.P. Fisher MC has taken over from Lieut Derrick as Regimental IO.	Room

At: NEUENBURG	8 JUN 45		At last the weather looks more settled. It is bright and clear with a strong breeze. Lost more of our Far East volunteers. This morning only one officer, Lieut. G.A. Palmer left with the draft. Apart from this nothing else of interest has happened, to-day.	Nom
At: NEUENBURG	9 JUN 45		A warm fine day but looks like rain. Lt-Col Mac Intyre flew to Westende this morning to join the party already there. Another tour of Wilhelmshaven dock yard this afternoon for B Coy. They all reported a very interesting afternoon.	Nom
At:NEUENBURG	10 JUN 45		It remains very warm but cloudy and unsettled. To-day the citizens of Westende are honouring the Essex Scottish, by formally naming one of their streets "Essex Scottish Laan." Capt McMillan left for Canada this afternoon, He will be taking up the duties of an SPO.	Nom
At: NEUENBURG	11 JUN 45		The weather to-day has been very cloudy and much cooler. Once more to-day has been very uneventful.	Nom
At: NEUENBURG	12 JUN 45		Showery and warm has been the order of the weather to-day. This afternoon at Wilhelmshaven Stadium the Essex Scottish Tabloid Sports team came 2nd in the Div Sports Meet. Our team was nosed out of first place by the Calgaries who won by two points. Each member of both teams was presented with a medal by Major General Matthews. The Westende Party arrived back this afternoon.	Nom (See attached appendix)
At: NEUENBURG	13 JUN 45		The weather got off to a bad start this morning with a lot of rain and has kept up practically all day. This has been a very routine day. A curfew check was carried out by us in the Bde Area North of the Jade-Ems Canal. No offenders were reported.	Nom

At: NEUENBURG	14 JUN 45		A miserable day; wet, windy and cold. Not only has it been miserable but very uneventful. The greater part of the day was taken up on lectures on Rehabilitation.	Room
At: NEUENBURG	15 JUN 45		A wonderful change in the weather. It has been sunny and warm with a gentle breeze blowing. Lectures all morning and softball in the afternoon has been the order of the day.	Room
At: NEUENBURG	16 JUN 45		The weather continues to be fine. Lt-Col JE McCORKELL (CO 2 Res Bn Essex Scottish) arrived to-night for a short visit. Col McCORKELL's arrival is the only item of interest to-day.	Room
At: NEUENBURG	17 JUN 45		It started out to be another beautiful day, but towards evening it clouded up. Lectures and softball games have been in progress all day. A very enjoyable Officers' Mess Dinner was held to-night in honor of Lt/Col McCORKELL.	Room
At: NEUENBURG	18 JUN 45		The weather hasn't changed yet but it is still cold and cloudy. There was a Bn Parade and March Past this morning. Col McCORKELL took the salute. After Bn Parade L/Cpl. HEATH, RJ was presented with the Commander-in-Chief's certificate by Lt-Col KW McINTYRE DSO. Nothing else of interest has occurred to-day.	Room
At: NEUENBURG	19 JUN 45		A beautiful sunny day. Lt-Col JE McCORKELL gave a very fine address on Bn Parade this morning. He said how very proud and pleased he was with the Bn not only as a fighting unit but as smart well turned out unit. This was a farewell speech as he left for Canada immediately after parade.	Room
At: NEUENBURG	20 JUN 45		It has a beautiful day; brilliant shunshine and just enough breeze to keep it comfortable. Lt/Col KW MacINTYRE DSO proceeded on UK leave this morning. While on leave, he will attend Major F TILSTON's investiture at Buckingham Palace. Another highly successful men's party was held on SP Coy Parade Ground this evening.	Room
At: NEUENBURG	21 Jun 45		Another warm sunny day with a too high humidity, it may rain. The Bn lost 172 OR's to COF this morning.	Room

Place	Date	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
At:NEUENBURG	22 JUN 45		Cloudy and warm it still looks like rain. A Security Patrol has been laid on by Bde to patrol our area. The purpose of this patrol is to ensure that law and order are maintained. Major S. McDONALD left this morning for CFEF.	Rwm
At:NEUENBURG	23 JUN 45		A beautiful warm day; It NOAKES left this morning for repatriation in Canada Training and sports were very routine to-day.	Rwm
At:NEUENBURG	24 JUN 45		The weather remains bright and warm. This morning our new padre Capt SE RIDER held his first service which was well attended. In the afternoon a lot of the boys went down to the quarry for a swim. A draft of 19 garrison tps arrived to-night.	Rwm
At:NEUENBURG	25 JUN 45		The weather is still very lovely. This has been a very routine day. Major Paul CROPP, MC, left this morning for CFEF. He was happy to be on his way but felt a little badly about leaving the Regiment which he has werved for so long.	Rwm
At:NEUENBURG	26 JUN 45		Another beautiful day and also a very uneventful one. Training and sports have been as per syllabus.	Rwm
At:NEUENBURG	27 JUN 45		The weather has turned much cooler and very cloudy. I think we are in for a change of weather. Major DW McINTYRE has been awarded the DSO and Major A. HODGES the Military Cross and Sgt. O'ROURKE the Military Medal. This morning a Btn Parade was held at which time a raffle was held resulting in twelve winners of two hundred marks in lieu of the kilts which were originally to be raffled.	Rwm
At:NEUENBURG	28 JUN 45		Weather - cool with fair wind and sunshine. A new guard composed of one NCO and four OR's took over from the Toronto Scottish at the airstrip MR171119. Training and sports were carried on as per syllabus.	Rwm
At:NEUENBURG	29 JUN 45		The weather today was cloudy and cool, Battalion Parade was held to-day. Pte. MARKOWSKI, P was presented with the Commander-in-Chief's certificate for his action in the Calcar show, where he rescued Major STEELE MC from the hands of the enemy by courageous talk and action. At: NEUENBURG Ref:NEUENBURG SHEET 45 1:25000	1 JUL		The day of The Big Mardi Gras held at the airstrip at Bad Zwischenahn. Hundreds of booths were set up and the work that went into the set-up was tremendous. Everything had to be improvised and the results were praiseworthy to say the least. An intermittent heavy rain and wind failed to drive away or dampen the spirits of the large crowd. Fortunately for the main parade the sun came out just long enough and as soon as it was over down came the rain again. The horse entered by 4th Bde would have been first had the field suddenly been reversed. A recce party commanded by Capt. A.R. JOHNSTON went down into Holland to survey our next temporary home.	RWM
At:NEUENBURG Ref:NEUENBURG SHEET 45 1:25000	2 JUL		Still gusty with occasional rain. To-day was to have been the unit sport meet but at the last moment it was called off because of the weather. A meeting of all officers was called by the A/CO., Major D.W. McINTYRE and the coming move was discussed and advance party to be commanded by Capt. J.R. LEARN was laid on. During the night a German woman was shot by some Russian soldiers and she was brought into the hospital at Neuenburg by one of our vehicles.	RWM
At: NEUENBURG Ref:NEUENBURG SHEET 45 1:25000	3 JUL		A cool windy day with occasional rain. A nosey Parker patrol was sent out by 'B' Coy and commanded by Lt. J.B. BLACK. He reported everything quiet in the Bde area. Capt. C.D. GATTON gave a rehabilitation lecture on Health Reforms. Training and sports were carried on as per syllabus. A security patrol was taken out at 1400, 2200 and 0200 hrs by Sgt. KISS, J.C. and he reported that he received many complaints from German civilians who were being molested by Russians. A number of the boys went up to Aurich in the evening to see a Canadian Army Show called "You've Had It".	RWM
At:NEUENBURG Ref: NEUENBURG SHEET 45 1:25000	4 JUL		The finest bright weather we have had for quite a time. In the morning a Battalion parade was held after which two lectures on Economic Geography were given by our padre Capt. S.E. RIDER. In the afternoon and every afternoon during the week two classes in mathematics are held at the unit's schoolrooms located in the Neuenburg Railway station.	RWM.

Place	Date	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
At: NEUENBURG REF: NEUENBURG SHEET 1:25000	4 JUL 45		At 1930 hrs our CO., Lt Col K.W. MAC INTYRE returned to the unit after attending the investiture of Major F. TILSTON, V.C. at Buckingham Palace. The CO of the REGIMENT DE CHAUDIERE, Lt Col G. TASCHEREAU and the 2i/c Major F. TRUDEAU arrived tonight to make a recce of our position so that they will be prepared to take over from us next week. Sgt. KISS, J.C. took out the security patrol and reported that the Russians are continually going out of their camp to demand food from German civilians and when they don't give them what they want they threaten them.	RWM
At: NEUENBURG Ref:NEUENBURG SHEET 1:25000	5 JUL 45		A bright sunny day. A Battalion parade was held and our 2 i/c Major D.W. McINTYRE spoke to the parade asking everyone to show the utmost consideration towards the incoming battalion, The Regiment de Chaudiere. A quiz on rehabilitation was held by YMCA supervisor WALTER GRAW and it was won by 'A' Coy team of four men. A civilian came to HHQ to report that a civilian had been killed by the Russians at Asterderfeld near Neuenburg. Corporal JENNINGS, R. and an interpreter investigated the scene of the crime and questioned the people there. A report was made out and sent into Brigade. Our security patrol went around that area later and reported that everyone had calmed down. The civilians report that most raids by the Russians occur in the daytime. They demanded that the victim should give them his chesterfield. He refused so one of the Russians hiding out of sight shot him. In the evening more of the advance party from the Regiment de Chaudiere arrived from Holland. The Brigade sports meet was held at Wilhelmshaven and our team put up a very good showing and won the meet easily with 61 points compared to 43 points by the Royals.	RWM
At:NEUENBURG Ref:NEUENBURG SHEET 1:25000	6 JUL 45		Another fine day and at 0830 hrs a battalion parade was held. This morning more of our advance party left for Holland under the command of Lt. HA SECORD. A recce of our battalion area was made by the IO of the Regiment de Chaudiere accompanied by Cpl BRUNK, N.H. from the Intelligence Section. We received a message from a civilian that Canadian troops had been going often to a certain farmhouse for quite some time. A patrol was sent out to check the	RWM.

			house and nothing suspicious that would indicate fraternizing was found. Captain Charles GATTON, MC is leaving tomorrow for England to officially be presented with the Military Cross at Buckingham Palace.	Rwm
At:NEUENBURG Ref:NEUENBURG SHEET 1:25000	7 JUL 45		The weather has become cloudy with occasional rain. Serious preparations for the coming move are being carried out. We leave on Tuesday 10 July. The Regiment de Chaudiere advance party are now busily engaged getting information from us as to the administration and patrolling of this area. We have been very fortunate in having a very well-behaved civilian population in this town. Their fear of the Russians amounts to almost an obsession and thus we are good little boys who can do no wrong. In the evening the last moving picture was held in the EMCA. All the information for the move came through and maps are being prepared for each company. Reports from the security patrol indicate that everything is fairly quiet in our area.	Rwm
A:NEUENBURG Ref:NEUENBURG SHEET 1:25000	8 JUL 45		Sunday morning dawned fair and bright and it continued that way all day. A Protestant Church Parade was held by our Padre Capt. S.E. RIDER and it was well attended. A ball team from the American 29th Division came up to play our Support Coy team. It was a battle all the way until a home run by Capt. R. LEARN turned the tide for a score of 15-10. A gruesome finding was made by a German civilian. At 1400 hrs he was working on his woodpile in some thick forest approximately 3 kilometers from Neuenburg when he found the body of one of our boys, Pte. WHEATLEY, W. He was hanging by the neck from an old sniper platform. He had escaped from our guardroom on the night of the 3rd of July. He had been A.W.L. for 11 days. A court of Inquiry will be held tomorrow. Most of the evidence points to the fact that it was suicide.	Rwm
At: NEUENBURG Ref:NEUENBURG SHEET 1:25000	9 JUL 45		The weather is fair and clear with lots of sunshine. No parade was held this morning and everyone is hastily completing the final packing. Our chief problems are German civilians who wish to have back radios and other equipment which were requisitioned by us. In those instances where the Regiment de Chaudiere wishes to	Rwm

At:NEUENBURG Ref:NEUENBURG SHEET 1:25000	9 JUL 45		then further we turn (O/R) the requisition forms over to them, they sign them and tell the civilians that they will have to wait until they in turn move out. Nosey Parker Patrol commanded by Lt McMILLAN was sent out to cover the Brigade area and it returned to report that everything was quiet and that the burgomeisters of the towns visited showed a very good spirit of co-operation. At 2200 hours an orders group was held by the CO, Lt Col K.W. Mac INTYRE, DSO and the move in the morning was made clear to the Company commanders. He also informed us that he would be unable to lead the unit back to Holland, the reason being he was required to sit on a Court Martial Proceeding.	RWM
At:NEUENBURG Ref:NEUENBURG SHEET 1:25000	10 JUL 45		The time has come at last to move with all possible speed to Holland. Everything bodes favourably for us; the weather is perfect and as yet no serious difficulties have been encountered. At 1045 hours the lead Jeep containing our Acting CO, Capt R.W. MEANWELL crossed our unit starting point. Our route was negotiated at the casual speed of 15 miles per hour. It took us to ZETEL where we took up our position behind 4 Brigade H.Q. We continued through OLDENBURG, CLOPPENBURG, LONINGEN, HASELUNNE, LINGEN, NORDHORN, OLDENZAAL to our staging area just south of HENGELO. While going through the town of HASELUNNE we failed to turn left towards LINGEN and we mistakenly continued straight ahead for a distance of approximately 3 kilometers before we realized the sad fact. The job of turning the entire column of 103 vehicles was accomplished in the record time of 20 minutes and so were able to continue on and reach our D.P. on time. The turn had not been properly marked and the Provost who were supposed to have been there were not anywhere in evidence at the time. At the staging area a hot meal awaited us and the boys were more than content to bed down on old terra firma after bouncing all day. A spirit of cheerfulness pervaded the whole unit -- we were back in Holland.	RWM
At:NEUENBURG Ref:NEUENBURG SHEET 1:25000	11 JUL 45		Clear bright weather. At 0700 hours breakfast was served and we once more prepared to travel. At 1100 hours the convoy moved off in the same order; 4 Canadian Infantry Brigade, Essex Scottish, Royal Hamilton Light Infantry, Royal Regiment of Canada, 11 Field Ambulance. It was smooth riding all the way. Just inside the town of Appeldoorn the trailer carrying all the paraphenalia from the Officers' Mess	RWM.

At 1640 hours we reached our D.P. just outside of AMERSFOORT and Capt. A.R. JOHNSTON was there to guide us to our billets. They appear large and fairly clean. It is one large three-story barracks and it will accommodate both the Royal Hamilton Light Infantry and ourselves. There is a lack of beds but it will be remedied in the near future.	Room
At: AMERSFOORT Ref: UTRECHT SHEET 1:100,000	12 JUL 45		The sunshine of Holland smiled on us all day and a little too warmly at times. The morning was spent putting our billets and offices in shape and all the latest reports indicate that the setup is very satisfactory. We were informed by 4 C.I.B. that no call by Netherlands authorities to assist in quelling internal disorders would be acted upon without referring it to Bde HQs The YMCA is divided between the RHLI and ourselves. There are separate writing rooms for each Regiment but there is one big main hall where movies will be shown. These will be on four nights during the week. There are many recreation spots for the men in town to make our stay a happy one.	Room
At: AMERSFOORT Ref: UTRECHT SHEET 1:100,000	13 JUL 45		A fine day for our first Bn Parade in our new area. Obviously these Dutch barracks that we now share with the RHLI was for a cavalry unit & not infantry because there is no very large parade square close by. Nevertheless while there isn't much space for complicated manoevering there is sufficient for a simple Bn Parade. Web belts looked smartly blanco'd and shined and LT COL MacINTYRE DSO addressed the assembled parade. He stressed three main points: 1. The as yet unclear picture in regard to our repatriation as a unit. The CO is doing his best to get accurate information on this subject, but as yet, no such information is available; 2. Since we are destined to stay in this area for some time, the desirability for a continuance of the good soldierly behavior and bearing of each member of the Essex Scottish. The Dutch have been and continue to be our Allies and friends. All our efforts should be directed to enhancing the mutual respect and affection between us and them; 3. And since life goes on even in this state of waiting to go home, and since problems have to be faced realistically, the CO took the opportunity to caution the	Room.

Holland had always been one of the cleanest countries, but the long occupation by the Germans with the accompanying pillage, brought about many conditions (particularly lack of preventatives and medicines) that greatly increased the prevelance of VD. The remainder of the day was spent by the men in continuing their efforts to get themselves as comfortable as possible in our new home. In the evening the men wandered into the streets of the ancient town of Amersfoort. The NCO's and OR's ice cream parlors were popular visiting spots.	Rwm
At:AMERSFOORT Ref: UTRECHT SHEET	14 JUL 45		Bn Parade held in good weather. Lt Col Mac Intyre DSO addressed the Parade on the modifications of walking out dress regulations. It will now be permissable for OR's to wear low black shoes (no gaiters) Glengarries are in order too but gold plated Regimental badges are not allowed. During the morning and afternoon several of the companies paraded to the spacious swimming pool and showers conveniently situated only 10 minutes walk away. The YMCA showed "Cinderella Jones" in their hall during the evening.	Rwm
At:AMERFOORT Ref:UTRECHT SHEET 1:100,000	15 JUL 45		Warm sticky weather, threatening rain, but as it turns out, it's only a threat. Our 1st Sunday in Holland and there are voluntary church services, both Protestant and Roman Catholic. The former in the "Y" at 1000 hours and the R.C. in a church in town. Another CMEF draft left this morning including Lt. CAMERON our acting IO. On the instructions of 4th Bde we are placing a guard of fourteen men and one NCO at the nearby Ordnance Field Park starting tonight. "Winged Victory" was the cinematic treat the YMCA offered in the evening.	Rwm
At:AMERSFOORT Ref:UTRECHT SHEET 1:100,000	16 JUL 45		Bit windy at morning Bn Parade. Acting CO Major A.J. HODGES announced: 1.Bn Parade at 1300 hrs to attend a baseball game 4 Bde vs Maj. Classes would be held in the Bn area on the following subjects: 1) Poultry; 2) Automobile Mechanics 3) Practical Mathematics; 4) Senior Mathematics; 5) Radio; 6) Junior Business Courses 7) Practical English; 8) Accounting -- open to all ranks. Enrollment and classes to start immediately. Subsequently it turned out that an average of fourteen men are attending these classes. At 1300 hours the Bn moved off in 60 cwts to the baseball game, at which, though fighting like lions, 4 CIB came out at the losing end. At 1500 hrs we were visited by Brig LACE, OBE, Acting GOC of 2 Div in the absence of Maj. Gen. MATTHEWS. Brig. LACE and his entourage was conducted through the barracks by A/CO HODGES. In the evening the YMCA presented a movie.	Rwm
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,0000	17 JUL 45		Good weather for the Bn Parade this morning. A/CO Major HODGES announced further opportunities for academic education at a 2 Div Centre. These courses will enable successful candidates to get credits in Canadian universities. Altogether 21 members of the Regiment will be sent to ZWOLLE for the courses. At 1030 and 1900 hrs. a Brass Band supplied by 2 Div played martial music on our parade ground. At the Y this evening our first Ladies Nite went over with a modest bang. Only about a dozen lassies graced the hall and watched with the several hundred soldiers the movie "Practically Yours" Tea was served after the show.	Rwm
At: AMERSFOORT Ref:UTRECHT SHEET 1:100,000	18 JUL 45		A warm close day. Short snappy Bn Parade. A/CO Maj. At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	19 JUL 45		A clear bright morning for Bn Parade. A/CO Major HODGES announced further details of the coming Saturday night dance. The Battalion is practically weaponless -- all the rifles were turned in to-day. Previous to this all other small arms, LMG's, PIAT's, Mortars and pistols were taken over by the RQ Stores. Another "Ladies Nite" tonight at the YMCA with movie 'Tahiti Nights'. A small draft of Essex men left on a CMEF draft this evening. This will probably be the last draft of any number for the Far Eastern Theatre from this Regiment.	RWM.
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	20 JUL 45		A lovely day to-day with a very slight breeze wafting the trees and shrubs in front of the Barracks. A very strange sight it was, to see the Essex Scottish Regt drawn up smartly on parade this morning -- minus rifles and tin hats. Perhaps there was a slight touch of regret among the veterans of this European campaign, some of whom had been in spots where they'd thrown away everything but their "old Betsys" The acting CO Major HODGES, announced on parade that all men still short of necessary equipment, were to draw it to-day. The Major's humour regarding the Amersfoort supply of girls for the Saturday dance received chuckles on parade. The intermittent Regimental Paper which has been coming out in the funniest places since its birth on Christmas Day on the Nijmegen front, was distributed to-day. Much credit is due to its Editor Sgt. Wm WALSH without whose effort the "Essex Sniper" would not have been published. Major D.W. McINTYRE, DSO returned from leave to-day and took over as Acting CO.	RWM.
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	21 JUL 45		It rained most of the day but cleared up towards the evening, when the men walked along the canal into town in brilliant sunshine. The rain cancelled the usual Bn Parade this morning and 500 disappointed men went back to their duties or recreational activities. The Bn Paraded at 1245 and proceeded by vehicles to the "Maple Leaf" Stadium in HILVERSUM where the Div Sports Meet was held. 4 Bde coached by Lt. Wib NIXON, the Bde Sports Officer and formerly of the Essex; took the top honours With 34 points our Bde nosed out the 6th Bde by 7 points. In the evening the 1st Bn dance since Christmas at Nijmegen was a great success. A hot band gave the boys plenty of opportunity for cutting a rug, and the Dutch girls showed they knew something of jive too.	RWM.

At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	21 JUL 45		A few CWAC's, out of the group in Amersfoort, were a pleasant surprise at the dance. Tea and pop was supplied in plentitude to the thirsty dancers. WERE	Room
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	22 JUL 45		It's cloudy to-day, with intermittent splashes of rain. A good morning for the men to get that extra one hour of sleep. Church services in the morning were on a voluntary basis but many men attended. We received the welcome news that sailboat exjursions of the Zuider Zee are to be organized through the co-operation of civilian sailboat owners. Our Regiment will be permitted 18 excursionists each Wednesday under an officer or Senior NCO. During the afternoon and evening the barracks are almost deserted as most of the men went to town.	Room
At:AMERSFOORT Ref; UTRECHT SHEET 1:100,000	23 JUL 45		Early this cloudy morning, the two Armoured 15 cwts of our Bn were turned in leaving the Sigs Pl with only a jeep and their DR motorcycles, and leaving the I Section with no vehicle at all. Bn Parade this morning with A/CO Major D.W. McINTYRE DSO in command. In the afternoon a 60 cwt load of men went to Amsterdam to see the popular "Meet the Navy Show". In the evening the Y presented the movie "Nothing But Trouble"	Room
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	24 JUL 45		Bn Parade held in the rather cool morning with A/CO Major D.W. McINTYRE DSO in command. Our Bn received printed message from General HDG CRERAR, GOC-in-C 1st Cdn Army. The message announced HQ 1st Cdn Army ceases to be on 31 Jul 45 and HQ Cdn Forces in Netherlands replaces it under command of Lt Gen. G.C. SIMONDS, CB, CBE, DSO. General Crerar then says goodbye to all ranks of the Cdn Army yet in Holland and expresses his gratitude for the loyalty and support given him by all ranks making possible "the record of the First Cdn Army in its many battles from Normandy to NW Germany, ... a series of unbroken military successes. During the afternoon inter-company soccer games were held as testified by many a skinned shin presented to the MO the following morning. Ladies Night at the Y movies tonight for "Nothing But the Best."	Room.

At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	25 Jul 45		As the Bn Parade forms up, it looks like rain. However, 18 men, with Sgt FISHER in charge, boldly set out for their sailing excursion. When they returned in the evening they all expressed themselves as being well pleased. These sailboat cruises are arranged for us by the Netherlands Entertainment Committee for Cdn Army Personnel. In the afternoon sixteen OR's left for ZWOLLE to attend six weeks courses of academic studies. It's a 2 Div School and successful students will receive credits in Canadian schools for their courses here. Men's mess committees were set up to report grievances of the men to Coy Commanders with a view to correcting such complaints.	RWM.
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	26 JUL 45		This is one of those days that can't make up its mind. Starts with a promising sun, changes to cloudy, gives us a few drops of rain, then starts all over again. At one time or another during the day, most of the men got caught in the rain. However the weather favoured us during the morning Bn Parade. A/CO Major D.W. MacINTYRE DSO turned the companies over to the respective Coy OC's for individual parades. Companies then carried on according to their training syllabus. We learn from 2 Cdn Inf Div that ample facilities are now available for Day Tours of Amsterdam by Organized groups. These tours include visits to large industrial installations such as the Amstel Breweries, pumping plants, docks and the diamond cutting factory. Also trips to Art Galleries, museums, palaces and other buildings of cultural interest. These tours are organized by : a) Supvr WELSBEY, Cooks Travel Bureau, Tupplein 1, Amsterdam (Hospitality Centre) and b) Mr. A.W. Van Der FLIER, Entertainment Committee, Persil House, Amsterdam, Stadhounderskade, 19-20. Our Bn I Section which has now be assigned to responsibility for various of these entertainment and educational activities will investigate these facilities and then make suggestions to the CO on how our Bn can take advantage of them. In the evening the Y gave a repeat showing of 'Thunderhead.' Those who had already seen it went to the Commando Cdn Army Show in Amersfoort. All personnel pronounced the latter a darn good show and were particularly enthusiastic about the two CWAC's in the brass band. The MC of the show was considered outstanding. The CO LT Col K W MacINTYRE DSO returned tonight from the hospital.	RWM.

At: AMERSFOORT Ref: UTRECHT SHEET 1:100,000	27 JUL 45		Bn Parade held in cloudy cool weather this morning. 2i/c Major D.W. McINTYRE, DSO called for all those who can play musical instruments or who want to learn to report to the W. It is the intention to form a Battalion Orchestra. In the afternoon a meeting of Coy Commanders heard and discussed a report by Capt HUNDEN on the Bn's Educational program. The general consensus of opinion was that the courses are not being fully utilized and hence Lt Col Mac INTYRE DSO ordered that attendance at courses become compulsory. Preparations are being completed to-day for the officers' Mess Dance to be held tomorrow night. In the afternoon heavy rain brought afternoon sports program to a standstill. "Swing Cut Sister" was the fast moving film presented at the Y in the evening.	RWM
At: AMERSFOORT Ref: UTRECHT SHEET 1:100,000	28 JUL 45		Another cloudy day. Maj D.W. McINTYRE DSO, 2i/c at Bn Parade announced that Essex Scottish Regt 1 Bn will be publishing souvenirs booklet of our Regiment's record in Europe. The 2 i/c asked all men who have photographs that may be relevant to such a booklet to lend them to him. In the afternoon Capt FISHER and Sgt WALSH went to Amsterdam to get detail of the day tours available to the troops. In co-operation with the Netherlands Entertainment Committee the following arrangements were made: Each day until further notice about 70 men i/c of either an officer or senior NCO will arrive at the Committee HQ about 0900 hrs. They will go on the "Canal Tour" that gives them a "launch-eye" view of the city. Then they will have their lunch with tea at the Vancouver House. After lunchthe party will break up into three groups with the men having their choice of visiting 1) the Zoo and Aquarium 2) Diamond Factory or 3) the Rembrandt Art Gallery. The plan is to send one company per day commencing Tuesday 31 Jul 45. In the evening the usual recreation trucks to Utrecht were provided for the men. The Officers' and Sgts' Messes held dances in their mess halls. Both halls were well decorated and well plastered for the affairs.	RWM.

At:AMERSFOORT Ref; UTRECHT SHEET 1:100,000	29 JUL 45		A cloudy morning for the church services which are voluntary. A rather dull day but that didn't prevent the men from packing the recreation vehicles to Utrecht.	RWM
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	30 JUL 45		Still cloudy to-day with the odd little showers of rain. Regular Bn Parade i/c Major D.W. McINTYRE DSO. A meeting of all personnel in unit with 150 points or over was held. About 30 all ranks attended. They were given the choice of applying for transfers to 1 Div units and thus being repatriated earlier or of remaining to go back with our Regiment. One officer and 18 OR's requested transfers. This morning a party of 3 OR's and Lt MacINTYRE left on a tour of all our battlefronts to take pictures for the projected Regimental Souvenir Book. Starting to-day the eight educational courses conducted in the Bn are to be on a compulsory basis. Personnel will attend anyone of the eight on Mondays, Wednesdays, and Fridays Recreation vehicles to Utrecht in the evening.	RWM
At:AMERSFOORT Ref: UTRECHT SHEET 1:100,000	31 JUL 45		Another sunless day. Bn Parade in the morning i/c Major D.W. McINTYRE DSO. All Coys are holding muster parades too and to-day it's HQ Coys turn. To-day A Coy are in the nature of Guinea Pigs for the Bn. They go to Amsterdam on the all day tour. Their experiences were good and tomorrow B Coy goes. We use 4 60 cwts for each Coy on these daily tours. To-day too, our second sailboat excursion took place. Our allottment was cut to 16 OR's. The sailboat excursionists also reported good sailing. Bingo at YMCA and recreation vehicles to Utrecht.	RWM.
